CONSTITUTION

OF THE

State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution:

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people, may be defined and affirmed, we do declare:

SECTION 1. *The equality and rights of persons.* That we hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Political power and government.* That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* That the people of this State have the inherent, sole and exclusive right of regulating the internal government and policies thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary for their safety and happiness; but every such right should be exercised in pursuance of the law, and consistently with the Constitution of the United States.

SEC. 4. *That there is no right to secede.* That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union or to sever said Nation, ought to be resisted with the whole power of the State.

SEC. 5. *Of allegiance to the United States Government.* That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Public Debt; bonds issued under ordinance of Convention of 1868, '68-'69, '69-'70, declared invalid; exception.* The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay, or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, either at its special session of the year one thousand eight hundred and sixty-eight, or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people, and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for that purpose.

SEC. 7. *Exclusive emoluments, etc.* No person or set of persons are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 8. *The legislative, executive and judicial powers distinct.* The legislative, executive, and supreme judicial powers of the government ought to be forever separate and distinct from each other.

SEC. 9. *Of the power of suspending laws.* All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

SEC. 10. *Elections free.* All elections ought to be free.

SEC. 11. *In criminal prosecutions.* In all criminal prosecutions every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self incriminating evidence, or to pay costs, jail fees or necessary witness fees of the defense, unless found guilty.

SEC. 12. *Answers to criminal charges.* No person shall be put to answer any criminal charge except as hereinafter allowed, but by indictment, presentment, or impeachment, but any person, when represented by counsel, may, under such regulations as the Legislature shall prescribe, waive indictment in all except capital cases.

SEC. 13. *Right of jury.* No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful persons in open court. The Legislature may, however, provide other means of trial, for petty misdemeanors, with the right of appeal.

SEC. 14. *Excessive bail.* Excessive bail should not be required nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 15. *General warrants.* General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committeed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty, and ought not to be granted.

SEC. 16. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 17. *No person taken, etc., but by law of the land.* No person ought to be taken, imprisoned or disseized of his freehold, liberties or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property but by the law of the land.

SEC. 18. *Persons restrained of liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

SEC. 19. *Controversies at law respecting property.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable. No person shall be excluded from jury service on account of sex.

SEC. 20. *Freedom of the press.* The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

SEC. 21. *Habeas Corpus.* The privileges of the writ of habeas corpus shall not be suspended.

SEC. 22. *Property qualification.* As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.

SEC. 23. *Representation and taxation.* The people of the State ought not to be taxed, or made subject to the payment of any impost or duty without the consent of themselves, or their representatives in General Assembly, freely given.

SEC. 24. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

SEC. 25. *Right of the people to assemble together.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.

SEC. 26. *Religious liberty.* All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

SEC. 27. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 28. *Elections should be frequent.* For redress of grievances, and for amending and strengthening the laws, elections should be often held.

SEC. 30. *Hereditary emoluments, etc.* No hereditary emoluments, privileges, or honors ought to be granted or conferred in this State.

SEC. 31. *Perpetuities, etc.* Perepetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

SEC. 32. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppresive, unjust, and incompatible with liberty; wherefore no *ex post facto law* ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

SEC. 33. *Slavery prohibited.* Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

The General Assembly may provide by general laws for the selection or appointment of Special or Emergency Superior Court Judges not assigned to any judicial district, who may be designated from time to time by the Chief Justice, to hold court in any district or districts within the State; and the General Assembly shall

define their jurisdiction and shall provide for their reasonable compensation. The Chief Justice, when in his opinion the public interest so requires, may assign any Superior Court Judge to hold one or more terms of Superior Court in any district.

SEC. 12. *Jurisdiction of courts inferior to Supreme Court.* The General Assembly shall have no power to deprive the Judicial Department of any power or jurisdiction which rightfully pertains to it as a coordinate department of the government; but the General Assembly shall allot and distribute that portion of this power and jurisdiction which does not pertain to the Supreme Court among the other courts prescribed in this Constitution or which may be established by law, in such manner as it may deem best; provide also a proper system of appeals; and regulate by law, when necessary, the methods of proceeding in the exercise of their powers of all the courts below the Supreme Court, so far as the same may be done without conflict with other provisions of this Constitution.

SEC. 13. *In case of waiver of trial by jury.* In all issues of fact, joined in any court, the parties may waive the right to have the same determined by a jury; in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

SEC. 20. *Disposition of actions at law and suits in equity, pending when this Constitution shall go into effect, etc.* Actions at law and suits in equity pending when this Constitution shall go into effect shall be transferred to the courts having jurisdiction thereof, without prejudice by reason of the change; and all such actions and suits commenced before, and pending at the adoption by the General Assembly of the rules of practice and procedure herein provided for, shall be heard and determined according to the practice now in use, unless otherwise provided for by said rules.

SEC. 21. *Elections, terms of office, etc., Justices of the Supreme and Judges of the Superior Courts.* The Justices of the Supreme Court shall be elected by the qualified voters of the State, as is provided for the election of members of the General Assembly. They shall hold their offices for eight years. The judges of the Superior Courts, elected at the first election under

this amendment, shall be elected in like manner as is provided for Justices of the Supreme Court, and shall hold their offices for eight years. The General Assembly may, from time to time, provide by law that the judges of the Superior Courts, chosen at succeeding elections, instead of being elected by the voters of the whole State, as is herein provided for, shall be elected by the voters of their respective districts.

SEC. 22. *Transaction of business in the Superior Courts.* The Superior Courts shall be, at all times, open for the transaction of all business within their jurisdiction, except the trial of issues of fact requiring a jury.

SEC. 23. *Solicitors and Solicitorial Districts.* The State shall be divided into twenty-one solicitorial districts, for each of which a solicitor shall be chosen by the qualified voters thereof, as is prescribed for members of the General Assembly, who shall hold office for the term of four years, and prosecute on behalf of the State in all criminal actions in the Superior Courts, and advise the officers of justice in his district. But the General Assembly may reduce or increase the number of the solicitorial districts, which need not correspond to, or be the same as, the judicial districts of the State.

SEC. 24. *Sheriffs and Coroners.* In each county a sheriff and coroner shall be elected by the qualified voters thereof as is prescribed for members of the General Assembly, and shall hold their offices for a period of four years. In each township there shall be a constable elected in like manner by the voters thereof, who shall hold his office for a period of two years. When there is no coroner in a county the Clerk of the Superior Court for the county may appoint one for special cases. In case of a vacancy existing for any cause in any of the offices created by this section, the commissioners of the county may appoint to such office for the unexpired term.

SEC. 25. *Vacancies.* All vacancies occurring in the offices provided for by this Article of the Constitution shall be filled by the appointment of the Governor, unless otherwise provided for, and the appointees shall hold their places until the next regular election for members of the General Assembly that is held more than 30 days after such a vacancy occurs, when elections shall be held to fill such offices. *Provided*, that when the unexpired term of any of the offices named in this Article of the Constitution in which such vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next General Election, the Governor shall appoint to fill said vacancy for the unexpired term of said office. If any person, elected or appointed to any of said offices, shall neglect and fail to qualify, such offices shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of said offices shall hold until their successors are qualified.

SEC. 26. *Terms of office of first officers.* The officers elected at the first election held under this Constitution shall hold their offices for the terms prescribed for them, respectively, next ensuing after the next regular election for members of the General Assembly. But their terms shall begin upon the approval of this Constitution by the Congress of the United States.

SEC. 27. *Jurisdiction of justices of the peace.* The several justices of the peace shall have jurisdiction, under such regulations as the General

Assembly shall prescribe, of civil actions, founded on contract wherein the sum demanded shall not exceed two hundred dollars, and wherein the title to real estate shall not be in controversy; and of all criminal matters arising within their counties where the punishment cannot exceed a fine of fifty dollars or imprisonment for thirty days. And the General Assembly may give to the justices of the peace jurisdiction of other civil actions wherein the value of the property in controversy does not exceed fifty dollars. When an issue of fact shall be joined before a justice, on demand of either party thereto, he shall cause a jury of six men to be summoned, who shall try the same. The party against whom the judgment shall be rendered in any civil action may appeal to the Superior Court from the same. The taxes provided for in this Section shall be collected by the county officer collecting other taxes and be applied solely to the payment of principal and interest of such bonds of notes.

In all such elections the board of county commissioners shall designate the polling place or places, appoint the registrars and judges, and canvass and judicially determine the results of the election upon filing with it of the election returns by the officers holding the election, and shall record such determination on their records, which shall be conclusive of all the facts therein found and determined. The notice of election shall be given by publication at least three times in some newspaper published or circulating in such district or unit. The notice shall state the date of the election, the place or places at which the election will be held, the boundary lines of such district or unit, the maximum amount of bonds or notes to be issued, the purpose or purposes for which the bonds or notes are to be issued, and the fact that a sufficient tax will be levied on all taxable property within the district or unit for the payment of the principal and interest of the bonds or notes. The first publication of the notice shall be at least thirty (30) days before the election. A new registration of the qualified voters of such district or unit shall be ordered and notice of such new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulating in such district or unit at least thirty (30) days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be open

The Saturday before the election shall be challenge day and except as otherwise provided in this Act, such election shall be held in accordance with the laws governing general elections. The form of the question, as stated on the ballots, shall be in substantially the words: "For the issuance of $..... School Bonds or Notes and the levying of a sufficient tax for the payment thereof," and "Against the issuance of $..... School Bonds or Notes and the levying of a sufficient tax for the payment thereof." Such affirmative and negative form may be printed upon separate ballots, or both thereof may be printed on one ballot, containing squares opposite the affirmative and the negative forms, in one of which squares the voter may make a cross (X) mark: The petition herein provided for shall be filed with the Board of County Commissioners of Polk County and referred to the Board of Elections of Polk County to determine the sufficiency thereof, and upon a finding by said board that the petition meets the requirements of this Section, the chairman of said board shall file a certificate to that effect with the Chairman of said Board of Commissioners of Polk County.

Sec. 2. At the close of the polls the election officers shall count the votes and make returns thereof to the Board of County Commissioners of Polk County, which board shall, as soon as practicable after the election, judicially pass upon the returns and judicially determine and declare the results of such election, which determination shall be spread upon the minutes of said board. The returns shall be made in duplicate, one copy of which shall be delivered to the Board of County Commissioners of Polk County as aforesaid and the other filed with the Clerk of the Superior Court of Polk County. The Board of County Commissioners of Polk County shall prepare a statement showing the number of votes cast for and against the bonds or notes, and declaring the result of the election, which statement shall be signed by the chairman of the board and attested by the clerk, who shall record it in the minutes of the board and file the original in his office and publish it once in a newspaper published or circulating in such district or unit.

Sec. 3. No right of action or defense founded upon the invalidity of such election or the invalidity of any proceedings or steps taken in the creation of such district or such unit shall be asserted, nor shall the validity of such election or the validity of the creation of such district or such unit, or the right or duty to levy a sufficient tax for the payment of the principal and interest of such bonds or notes, be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty (30) days after the publication of such statement of results as provided in the preceding Section.

Sec. 4. If a majority of the votes cast shall be in favor of the issuance of such bonds or notes and the levy of such tax, then the Board of Commissioners of Polk County shall provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds or notes, which bonds or notes shall be issued

in the name of the county, but shall be made payable exclusively out of the taxes to be levied in such district or such unit, except the Board of County Commissioners of Polk County may pay from county funds any part of the principal and interest of said bonds or notes. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the Board of County Commissioners of Polk County may determine, subject to the limitations and restrictions of this Act. They may be issued as one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. When bonds are to be issued, they shall be serial bonds and each issue thereof shall so mature that the aggregate principal amount of the issue shall be payable in annual installments or series, beginning not more than three years after the date of the bonds of such issue and ending not more than thirty years after such date. No such installment shall be more than two and one-half times as great in amount as the smallest prior installment, of the same bond issue. Such special tax shall be in addition to all other taxes authorized to be levied in such district or in such unit. The taxes provided for in this Section shall be collected by the county officers collecting other taxes and be applied solely to the payment of principal and interest of such bonds or notes.

Sec. 6. Sec. 8. This Act shall constitute full authority for the things herein authorized and no proceedings, publications, notices, consents or approvals shall be required for the doing of the things herein authorized, except such as are herein prescribed and required, and except that the provisions of the Local Government Act then in force as to the approval of the issuance of bonds or notes and endorsements of such approval upon such bonds or notes and as to the sale of bonds or notes and the disposition of the proceeds, shall be applicable to the bonds or notes authorized by this Act. The proceeds shall be paid out only upon order of the Board of Education of the Polk County Administrative Unit.

Sec. 3. Recording of Plats. If the governing body of the City of Charlotte adopts an ordinance regulating the subdivision of land as authorized herein, it shall file a copy of such ordinance with the Mecklenburg County Register of Deeds. The Mecklenburg County Register of Deeds shall not thereafter file or record, nor shall the Clerk of Superior Court of Mecklenburg County order or direct the recording of, a plat of a subdivision of land located within the territorial jurisdiction defined in Sec. 2 hereof, without the approval of the Charlotte-Mecklenburg Planning Commission as required by this Act. The owner of land shown on a subdivision plat thereafter submitted for recording, or his authorized agent, shall be required to sign a statement on the plat stating whether or not any land shown thereon is within the territorial jurisdiction defined in Sec. 2. The filing or recording of a plat of a subdivision without the approval of the Charlotte-Mecklenburg Planning Commission as required by this Act shall be null and void.

Sec. 4. Subdivision Regulations. If the governing body of the City of Charlotte wishes to exercise the powers granted to it by this Act, it shall by ordinance adopt regulations governing the subdivision of land within the platting jurisdiction defined in Sec. 2.

Such ordinance may provide for the orderly development of the municipality and its environs; for the coordination of streets within subdivisions with existing or planned streets or with other public facilities; for the dedication or reservation of adequate open spaces for traffic, recreation, and school sites; and for distribution of population and traffic which shall avoid congestion and overcrowding, and which shall create conditions essential to health, safety, convenience, and the general welfare.

Such ordinance may include requirements for the final plat to show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

Such ordinance may include requirements as to the improvement and grading of streets and the construction and installation of street pavements, curbs, gutters, sidewalks, and water, sewer, surface water drainage, and other utility mains, as a condition precedent to the approval of the plat. The governing body shall provide for the tentative approval of the plat previous to such improvements and installations, but any such tentative ap-

proval shall not be entered on the plat. Such ordinance may provide that in lieu of the completion of such work and installations prior to the final approval of a plat, the governing body may accept a bond, in an amount and with surety and conditions satisfactory to it, providing for and securing to the municipality the actual construction and installation of such improvements and utilities within a period specified by the governing body and expressed in the bond; and the City of Charlotte is hereby granted the power to enforce such bonds by all appropriate legal and equitable remedies. Such ordinance may provide, in lieu of the completion prior to the final approval of a plat of such work and installations on lands within the corporate limits of the City of Charlotte, for an assessment under Article 9 of Chapter 160 or other statutory authorization whereby the city may do said work and make said installations at the cost of the owners of the property within the subdivision.

Such ordinance shall provide that the Charlotte-Mecklenburg Planning Commission shall approve or disapprove the final plat not later than 60 days after the submission thereof; otherwise, such plat shall be deemed to have been approved and a certificate to that effect shall be issued by the Planning Commission on demand; provided, however, that the applicant for the Planning Commission's approval may waive this requirement and consent to the extension of such period. The grounds for disapproval of any plat shall be stated upon the records of the Planning Commission. Said regulations shall provide that appeal may be taken from the Planning Commission action to the governing body of the City of Charlotte, which governing body shall have power to disapprove in whole or in part or otherwise modify the action of said Planning Commission.

Sec. 5. Public Hearing on Ordinance. Before the adoption of a subdivision-control ordinance or any amendment thereof, the governing body of the City of Charlotte shall hold a public hearing. A notice of such public hearing shall be given once a week for two successive calendar weeks in a newspaper published in the City of Charlotte, such notice to be published the first time not less than 15 days prior to the date fixed for said hearing.

Sec. 6. Effect of Plat Approval on Status of Dedications. The approval of a plat by the Charlotte-Mecklenburg Planning Commission shall not be deemed to constitute or effect the acceptance by the city or the public of the dedication of any street or other ground, public utility line, or other public facility shown upon the plat.

Sec. 7. Penalties for Transferring Lots in Unapproved Subdivisions. If the governing body of the City of Charlotte adopts an ordinance regulating the subdivision of land as authorized herein, any person who, being the owner or agent of the owner of any land located within the platting jurisdiction defined in Sec. 2, thereafter transfers or sells such land by reference to a plat showing a subdivision of such land before such plat has been approved by the Charlotte-Mecklenburg Planning Commission and recorded in the office of the Mecklenburg County Register of Deeds, shall upon conviction be guilty of a misdemeanor. The City of Charlotte, through its City Attorney or other official designated by its governing body, may enjoin such transfer or sale by action for injunction.

Sec. 8. Acceptance of and Improvements in Unapproved Streets. From and after the time when the platting jurisdiction of Charlotte's governing body shall have attached by virtue of the adoption of a subdivision control ordinance as provided in this Act, the City of Charlotte shall not accept for maintenance, lay out, open, improve, grade, pave, or light any street or authorize the laying of water mains, sewers, connections, or other facilities or utilities in any street within the municipality or other territorial jurisdiction of said governing body as defined in Sec. 2, (1) unless such street shall have been accepted or opened as, or shall have otherwise received the legal status of a public street prior to the said attachment of the governing body's subdivision jurisdiction, or (2) unless such street corresponds in its location and lines with a street shown on a subdivision plat approved by the Charlotte-Mecklenburg Planning Commission, or (3) unless such street be accepted as a public street by vote of a majority of all the members of said governing body.

Sec. 9. Definitions. For the purpose of this Act, the following definition shall apply:

Subdivision. A "Subdivision" shall include all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose, whether immediate or future, of sale, legacy, or building development, and shall include all divisions of land involving the dedication of a new street or a change in existing streets; provided, however, that the following shall not be included within this definition nor be subject to the regulations authorized by this Act: (1) the combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to the standards of the municipality, (2) the division of land into parcels greater than five acres where no street right-of-way dedication is involved, (3) the public acquisition by purchase of strips of land for the widening or opening of streets.

Sec. 10. Powers Granted Herein Supplementary. The powers granted to the City of Charlotte by this Act shall be deemed supplementary to any powers heretofore or hereafter granted in its charter or by statute for the same or a similar purpose, and in any case where the provisions of this Act conflict with or are different from such provisions of its charter or statute, the governing body of the City of Charlotte may in its discretion proceed in accordance with the provisions of such charter or statute, or, as an alternative method, in accordance with the provisions of this Act. This Act shall have no effect upon any existing ordinances of the City of Charlotte. The adoption of any ordinance under authority of this Act shall have no effect upon any litigation which is pending at the time of the adoption of such ordinance.

Sec. 11. Repealing Clause. All laws and clauses of laws in conflict with the provisions of this Act except as indicated in Sec. 10 hereof, are hereby repealed to the extent of such conflict.

Sec. 12. Separability. If any Section, subdivision, clause, or provision of this Act shall be adjudged invalid, such adjudication shall apply only to

such Section, subdivision, clause, or provision so adjudged, and the remainder of the Act shall be deemed valid and effective.

Sec. 13. Effective Date. This Act shall become effective upon its ratification.

All rules and regulations of the Commission shall be printed and made available for public inspection and for the use of the employees of, and the applicants for employment by Cumberland County.

Sec. 9. Creation of jobs by Commission. Nothing in this Act shall be construed to confer upon the Civil Service Commission the power to create any office, job, position, or employment except as herein provided.

Sec. 10. Examinations. All applicants for positions of employment by Cumberland County, except present employees, and except such positions as are excluded from the application of this Act, shall be subject to an examination by the Civil Service Commission, which examination shall be free to all persons possessing the right of suffrage and meeting the requirements of said Commission, including reasonable and proper limitations as to residence, age, sex, race, health, and moral character. The examinations shall be practicable in their character and shall relate to those matters tending fairly to test the capacity and qualifications of the applicant to discharge proficiently the duties of the position sought by the applicant, and shall include examinations as to physical and mental qualifications, as well as general fitness; but no applicant shall be examined concerning his or her political or religious opinions or affiliations. Before giving an examination, the Commission shall make inquiry of the heads of the respective departments of the county in connection with which departments such examination is to be given, with respect to the qualifications essential for the work in connection with which such examination is to be given, and upon such inquiry the heads of such departments shall give full information to the Commission. The Commission, in making or giving such examination, shall include questions designed to test the ability of the applicant with respect to the qualifications contained in such reports from the various department heads. The Civil Service Commission shall adopt such necessary and proper regulations relating to the morality, health, and character of all applicants for positions with Cumberland County as it deems expedient, to the end that all persons certified by the Civil Service Commission to the governing body of the county as eligible for employment shall be persons of good character, as well as possessing the necessary mental and physical qualifications.

Sec. 11. Application register. There shall be kept in the office of the Civil Service Commission an application register in which shall be en-

tered the names and addresses and the order and date of application of all applicants for Civil Service tests, and the office or employments which they seek. All applications shall be upon forms prescribed by the Commission.

Sec. 12. Notice of examinations; Register of eligibles; Procedure for making appointment. Notice of the time and place of every examination given by the Commission shall be given by daily publication for one week immediately preceding such examination in some newspaper of general circulation in Cumberland County. The notice shall set forth the number and kind of vacancies which are to be filled by the Commission. The Commission through its secretary shall prepare and keep as a permanent record of the Commission a register of all persons successfully passing examinations given by them, such persons to be arranged in their respective lists according to their respective showing upon said examinations. The names of such eligibles shall be arranged in classified lists according to the type of employment sought. The name of no person shall remain on the register for more than 2 years without a new application, and if the Commission's rules so require, a new examination, and the Civil Service Commission shall recommend appointments to any vacancies or newly created jobs on a basis of the grades made by the applicants upon the examination so given.

Sec. 13. Filling of vacancies by department heads. When any position in the classified service is to be filled, the officer or authority having power to fill such vacancy, whether by specific statutory authority or otherwise, shall request of the Civil Service Commission the certification of the name of the person eligible for appointment to such vacancy, and upon receipt of such request, the Civil Service Commission shall promptly certify to such officer the name and address of the highest eligible on the list for the class or grade to which such position belongs, with his respective grade as shown on the register of eligibles. The appointing authority shall appoint to such position the person whose name is so certified.

Sec. 14. Filling of vacancies by promotion. Whenever practicable, vacancies in the classified service shall be filled by promotion, and the rules shall indicate the lines of promotion from each lower to higher grade whenever experience derived in the lower grade tends to qualify for the higher. Any advancement in rank shall constitute promotion. Lists from which promotions are to be made shall be created as provided by the Civil Service rules and the appointment of eligibles therefrom shall be made in the same manner as original appointments. When there are less than two names on the promotion lists eligible for certification in any instance, then if the department head requests it, appointments to higher positions shall be made after competitive tests in which persons not in the service of the county may compete, as well as applicants for such positions from the lower grades of the service, or from other branches thereof. In such cases, appointment shall be made from the highest eligible, as in the case of other competitive tests.

Sec. 15. Maintenance of service register. There shall be maintained by the Civil Service Commission a list of all persons in the classified service showing in connection with each name the position held, the salary or wages paid, the date and character of appointment, and every subsequent change in status. Such list shall be known as the service register and every appointing officer or authority shall promptly transmit to the Civil Service Commission all information requested for the establishment and maintenance of such register.

Sec. 16. False statements by applicants. Any applicant for any office of employment governed by the provisions of this Act who shall knowingly make any false statement in connection with any test shall thereby forfeit his right to be entered upon the eligible register, and in case he has been appointed to an office of employment, he shall forfeit it and shall not within three years thereafter be eligible for appointment to any office or in the service of the county, nor shall he, during that time, be entitled to take any Civil Service examination.

Sec. 17. Payment of perpetuities by applicant; Recommendation or assistance from county employees. No applicant for Civil Service examination shall either directly or indirectly give, render or pay or promise to give, render or pay any money, service, or other thing of value to any person for or on account of or in connection with his examination, appointment, or proposed appointment, nor shall he ask for or receive any recommendation or assistance from any person in the service of the county other than a statement regarding any previous service to the county as a subordinate under such officer or employee, and a testimony as to his or her character.

Sec. 18. Probation period. Every person appointed or promoted to his office or position with Cumberland County as herein provided, shall be on probation for a period of six months before the appointment or promotion is made complete, during which period an appointed probationer may be discharged or a promoted probationer may be reduced to a lower grade of employment at the will of the department head in which department the probationer is employed. After such period of probation, no employee shall be reduced in rank, removed or discharged, except as provided in this Act.

Sec. 19. Suspension or removal of employees; Hearings; Final disposition of matter. Any employee of Cumberland County coming under the provisions of this Act may be laid off, suspended or removed from office or employment by the head of the department in which the employee is employed. Verbal or written notice of the lay off, suspension or removal given to such employee, or written notice mailed to his usual place of residence shall be sufficient to put any such lay off, suspension or removal into effect, unless the person so notified shall, within five days after such notice, demand the right to be heard before the Civil Service Commission. Upon such demand, the official of the county making the lay off, suspension or removal shall file with the secretary of the Civil Service Commission a written statement of the grounds for such lay off, suspension or removal, and the Commission shall fix a time and

place for a hearing of the charges, and such hearing must be held within ten days after such request. At such hearing the test shall be reduced to writing. Following the hearing and such investigation as the Civil Service Commission may see fit to make, the Commission shall report its findings and recommendations to the official responsibility for the lay off, suspension or removal, within thirty days after the date of such notice, and the findings and recommendations of the Commission shall be followed by said official. A copy of the written statement of the reasons given for any lay off, suspension or removal, and a copy of any written reply thereto by the officers or employees involved, together with the copy of the decision of the Commission shall be filed as a part of the records of the Civil Service Commission. No statement made in good faith by the department head making such lay off, suspension or removal shall constitute defamation of character or liable or serve as a basis for any action or proceeding alleging defamation of character or liable. In conducting hearings or investigations, the Commission shall have power to subpoena and require the attendance of witnesses.

Sec. 20. Annual report to County Commissioners. The Civil Service Commission shall make an annual report of its proceedings during the preceding year to the Board of County Commissioners of Cumberland County. This report shall also include the opinions of the Commission as to the practical effects of the rules, plan, and system in use, and the said annual report shall be kept in the office of the Commission and shall be open for public inspection.

Sec. 21. Payment of expenses of Commission. The Board of County Commissioners of Cumberland County shall pay all necessary expenses of the Civil Service Commission incident to its operations, such as to provide office equipment, office supplies, printing costs, advertising costs, compensation of commissioners and secretary, and all other necessary expenses, and the Board of County Commissioners shall provide sufficient funds therefor.

Sec. 22. Transfer of employees; Order of laying off employees. Transfer of employees may be made from one position to another in the same class in accordance with rules established by the Civil Service Commission. Whenever a reduction in employees is required because of a shortage of funds or work, or material change in duties or organization, employees may be laid off in an inverse order to length of service in the class, in accordance with the rules of the Civil Service Commission.

Sec. 23. Existing employees. All present employees of Cumberland County who receive no part of their pay either directly or indirectly from the State or Federal government shall be subject to all of the provisions of this Act, except that they shall not be required to stand the examination as provided in Section 10 of this Act, but such employees shall be entitled to retain their present position without examination. The names of all such present employees shall be included on the service register and list from which promotions are to be made, and when job openings occur or when promotions are to be made, the Commission shall give due consideration to present employees, taking into account experi-

ence, age, and years of service, irrespective of the fact that no examination has been given to such employees.

Sec. 24. Discrimination prohibited. No person in the county's service or seeking admission thereto, shall be appointed, reduced in pay, removed or demoted, or in any way favored or discriminated against because of political, religious or labor affiliations, or because of sex or marital status.

Sec. 25. Soliciting from employees for political purposes. No employee covered by the provisions of this Act shall be solicited to contribute funds or other gifts of value to any candidate or to any political party or political group or faction, or for any political purpose, and there shall be no assessment or attempted assessment, directly or indirectly, against such employees for the purpose of raising any campaign funds or for other political purposes. No officer or employee covered by this Act shall participate or take any part in any election, primary, or any political contest in any manner other than that of exercising his or her right as a citizen to vote, and any employee who shall violate this provision shall be dismissed from service of the county.

Sec. 26. Execution of resignation prohibited. No person about to be appointed to any position in the service of the county shall sign or execute a resignation dated or undated, in advance of such appointment. No person in the service of the county shall discharge, suspend, lay off, reduce in grade or in any manner change the official rank or compensation of any person in such service, or promise or threaten to do so, for withholding or neglecting to make any contribution of money or service or any valuable thing for any political purpose. No person in the administrative service of the county shall use his official authority to influence or coerce the political action of any person or body, or to interfere with any nomination or election to public office.

Sec. 27. Interference with right to take examination prohibited. Any person, who, by himself or with others, wilfully or corruptly deceives or obstructs any person in respect to his right to take part in any test for admission to the classified service of the county; or wilfully and corruptly marks, grades or reports upon the test or proper standing of any person tested for appointment in the classified service, or aids in so doing; or wilfully or corruptly makes any false representation as to the results of such tests or concerning persons so tested; or furnished special or secret information for the purpose of either improving or injuring the prospects or chances of a person tested or to be tested, or to be appointed, employed or promoted; or impersonates any person, or, permits or aids in any impersonation in connection with any test, application, registration or appointment or request to be tested or registered; or who makes known or assists in making known to any applicant for test, in advance thereof, any question to be asked on such test; or wilfully or through culpable negligence violates any of the provisions of this Act, shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by fine of not less than fifty dollars ($50.00) nor more than one thousand dollars ($1,000.00), or by imprisonment for a term not exceeding six months. If any such person be an applicant for competitive test, he shall be excluded

therefrom; if he be an eligible, his name shall be removed from the register of eligibles; and if he be an officer or employee of the county, he shall immediately forfeit his office or employment.

Sec. 28. Emergency employment. In any case of emergency the Civil Service Commission may authorize the employment of as many employees as may be needed to meet the emergency.

Sec. 31. Effect of partial invalidity of Act. In event any part, Section or subdivision of this Act shall be held unconstitutional or invalid for any reason, such holding shall not be construed to invalidate or impair the remainder of this Act, but the same shall be continued in full force and effect notwithstanding such holding.

AN ACT TO AUTHORIZE THE ISSUANCE OF SCHOOL BUILDING BONDS IN BEHALF OF THE MOORESVILLE GRADED SCHOOL DISTRICT AND FOR THE LEVY OF TAXES WITHIN THE DISTRICT FOR THE PAYMENT OF THE PRINCIPAL AND INTEREST OF SUCH BONDS.

The General Assembly of North Carolina do enact:

Section 1. Upon receipt of a petition filed by not less than ten percent (10%) of the qualified voters of the territory of the Mooresville Graded School District praying that bonds be issued under the provisions of this Act, the Board of Commissioners of the Town of Mooreville shall order a special election to be held in such school district for the purpose of voting upon the question of issuing bonds and levying a sufficient tax for the payment thereof for the purpose of acquiring, erecting, enlarging, altering and equipping school buildings and purchasing sites in such district, or for any one or more of said purposes. In all such elections, the Board of Commissioners of the Town of Mooresville shall designate the polling place or places, appoint the registrars and judges, and canvass and judicially determine the results of the election upon the filing with it of the election returns by the officers holding the election, and shall record such determination on their records. The notice of election shall be given by publication at least three times in some newspaper published in

such district. The notice shall state the date of the election, the place or places at which the election will be held, the maximum amount of bonds to be issued, the purpose or purposes for which the bonds are to be issued, and the fact that a sufficient tax will be levied on all taxable property within the district for the payment of the principal and interest of the bonds. The first publication of the notice shall be at least thirty (30) days before the election. A new registration of the qualified voters of such district shall be ordered and notice of such new registration shall be deemed to be sufficiently given by publication once in some newspaper published in the district at least thirty (30) days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be opened for registration of the voters and the place or places at which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day and except as otherwise provided in this Act, such election shall be held in accordance with the laws governing general elections. The form of the question, as stated on the ballot or ballots, shall be in substantially the words: "For the issuance of $..... School Bonds and the levying of a sufficient tax for the payment thereof," and "Against the issuance of $..... School Bonds and the levying of a sufficient tax for the payment thereof." Such affirmative and negative form may be printed upon separate ballots, or both thereof may be printed on one ballot, containing squares opposite the affirmative and the negative forms, in one of which square the voter may make a cross (x) mark.

Sec. 2. At the close of the polls the election officers shall count the votes and make returns thereof to the board of town commissioners, which board shall, as soon as practicable after the election, judicially pass upon the returns and judicially determine and declare the results of such election, which determination shall be spread upon the minutes of said board. The returns shall be made in duplicate, one copy of which shall be delivered to the board of town commissioners as aforesaid, and the other filed with the Trustees of the Mooresville Graded School District. The election officers shall incorporate in the returns not only the number of votes for and against the bonds, but also the number of voters registered and qualified to vote in the election, and the board of town commissioners shall include in their canvass not only the number of votes cast for and against the bonds, but also the number of voters registered and qualified to vote at the election. The board of town commissioners shall prepare a statement showing the number of votes cast for and against the bonds, and the number of voters registered and qualified to vote at the election, and declaring the results of the election, which statement shall be signed by the mayor of the town and attested by the town clerk, who shall record it in the minutes of the board and file the original in his office and publish it once in a newspaper published or circulating in said Mooresville School District.

Sec. 3. No right of action or defense founded upon the invalidity of such election shall be asserted, nor shall the validity of such election or the right or duty to levy a sufficient tax for the payment of the principal or interest of such bonds, be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty (30) days after the publication of such statement of results as provided in the preceding Section.

Sec. 4. If a majority of the qualified voters of such district shall vote in favor of the issuance of such bonds and the levy of such tax, then the board of town commissioners shall provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds, which bonds shall be issued in the name of the Mooresville Graded School District. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the said board of town commissioners may determine, subject to the limitations and restrictions of this Act. They may be issued as one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. The bonds shall be serial bonds and each issue thereof shall so mature that the aggregate principal amount of the issue shall be payable in annual installments or series, beginning not more than three years after the date of the bonds of such issue, and ending not more than thirty (30) years after such date. No such installment shall be more than two and one-half (2½) times as great in amount as the smallest prior installment of the same bond issue. The bonds shall bear interest at a rate not exceeding six percent (6%) per annum, payable semi-annually, and may have interest coupons attached, and may be made registerable as to principal or as to both principal and interest, under such terms and conditions as may be prescribed by the said town board. They shall be signed by the Chairman of the Board of Trustees of the Mooresville Graded School District, and the seal of said Trustees of the Mooresville Graded School District shall be affixed to or impressed upon each bond and attested by the Clerk of said Board of Trustees of the Mooresville Graded School District; and the interest coupons shall bear the printed, lithographed or facsimile signature of such chairman. Sec. 9. That for the purpose of electing a Mayor, the several aldermen and all other elective officers of the Town of Lowell, there shall be held in said town, on Tuesday after the first Monday in May, in odd numbered years, a regular municipal election. S. B. 142 **CHAPTER 369**

AN ACT TO AMEND ARTICLE 13A OF CHAPTER 131 OF VOLUME 3B OF THE GENERAL STATUTES, KNOWN AS THE HOSPITAL LICENSING ACT, FOR THE PURPOSE OF REQUIRING THE LICENSING OF (NURSING) CONVALESCENT HOMES.

The General Assembly of North Carolina do enact:

Section 1. Subsection (a) of Section 131-126.1 of Article 13A of Chapter 131 of Volume 3B of the General Statutes of North Carolina is hereby amended by adding at the end of said subsection (a) the following:

"The Commission shall have all of the power and authority to license a (nursing) convalescent home as the same is hereinafter defined, and all of the powers, duties and provisions of this Article, with respect to hospitals, shall apply equally and to the same effect with respect to a (nurs-

ing) convalescent home, but nothing in this Article shall be construed as identifying, defining or classifying a (nursing) convalescent home as a hospital or the equivalent of a hospital. For the purpose of this Article, a 'convalescent home' is defined as an institution, however named, which is advertised, announced, or maintained for the express or implied purpose of providing nursing or convalescent care for three or more unrelated persons. A 'convalescent home' is a home for chronic or convalescent patients who, on admission, are not as a rule, acutely ill and who do not usually require special facilities, such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A 'convalescent home' provides care for persons who have remedial ailments or other ailments, for which medical and nursing care is indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision.

"A 'home for the aged and infirm', usually designated as a boarding home, as distinguished from a 'convalescent home' is a place for the care of aged and infirm persons whose principal need is a home with such sheltered, custodial, and nursing care as their age and infirmities require. In such homes, medical care is only occasional or incidental, such as may be required in the home of any individual or family for persons who are aged and infirm. The residents of such homes will not, as a rule, have remedial ailments or other ailments for which continuing skilled planned medical and nursing care is indicated. A major factor which distinguishes these homes is that the residents may be given congregate services as distinguished from the individualization of medical care required in 'patient' care. A person may be accepted for sheltered or custodial care because of a disability which does not require continuing planned medical care, but which does make him unable to maintain himself in individual living arrangements.

"In further distinguishing between a 'convalescent home' on the one hand and a 'home for the aged and infirm' on the other, it is recognized that a 'convalescent home' is not a place for the care of aged and infirm persons whose principal need is a home with such custodial and sheltered care as their age and infirmities require. In such convalescent homes medical care is not merely occasional and incidental, such as may be required in the home of any individual or family. The residents of these convalescent homes will, as a rule, have remedial ailments, or other ailments, for which continuing planned medical and skilled nursing care is indicated. A major factor which distinguishes these convalescent homes is that the residents will require the individualization of medical care required in 'patient' care."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

The General Assembly of North Carolina do enact:

Section 1. Contracts on informal bids.—All contracts for construction or repair work or for the purchase of apparatus, supplies, materials or equipment involving expenditure of public funds in the amount of one thousand dollars ($1,000.00) or more, but less than two thousand five hundred dollars ($2,500.00) made by any officer, department, board or commission of the city, when practical, shall be awarded to the lowest responsible bidder after informal bids have been secured; provided, contracts may be awarded upon receipt of one bid in all cases where there is only one source of supply and in all cases where only one bid has been received after efforts have been made in writing to secure more than one bid, and it shall be the duty of such officer, department, board or commission to keep record of all bids submitted, and such records shall be subject to public inspection at any time.

Sec. 2. Procedure for letting Public Contracts. Purchases from Federal Government.—No construction or repair work or purchases of apparatus, supplies, materials or equipment requiring estimated expenditure of public money in an amount equal to or more than two thousand five hundred dollars ($2,500.00), except in cases of special emergencies as determined by the Council of the City of High Point involving health and safety of the people or their property, shall be performed and no contract shall be awarded therefor unless the provisions of this Section are complied with.

Advertisement for Letting of Contracts.—Proposals shall be invited by advertisement at least one week before the time specified for opening of such proposals in a newspaper having general circulation in the City of High Point. Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening the proposals and the Council of the City of High Point shall reserve the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Act and the Council of the City of High Point shall assume responsibility for the construction or purchase contracts and shall guarantee payment of labor or materials therefor. All proposals shall be opened in public and shall be recorded on the minutes of the Council of the City of High Point and the award shall be made to the lowest responsible bidder, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract; provided, a committee selected by the Council of the City of High Point may open such proposals in advance of the meeting of Council, analyze the bids and make recommendations to the Council. In the event the lowest responsible bid is in excess of funds available for such purpose, the Council of the City is authorized to enter into negotiations with the lowest responsible bidder and may award such contract to such bidder if such bidder agrees

to perform same, without making substantial changes in the plans and specifications, at a sum within the funds available therefor. If the contract cannot be let under the above conditions, the Council is authorized to readvertise, as herein provided, the said letting and make such changes in the plans and specifications as may be necessary to bring the cost of the project within funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor. No proposal shall be considered or accepted by the Council unless at the time of its filing the same shall be accompanied by a deposit with the Council of cash or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five per cent (5%) of the proposal. In lieu of making cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond and upon failure to forthwith make payment the surety shall pay the obligee an amount equal to double the amount of such bid bond. Such deposit shall be retained if the successful bidder fails to execute the contract within ten days after the award or fails to give satisfactory surety as herein required. All contracts to which this Section applies shall be executed in writing, and the Council of the City shall require the person to whom the award of contract is made to furnish bond in some surety company authorized to do business in North Carolina, or require a deposit of money, certified check or government securities for the full amount of the said contract for faithful performance of the terms of said contract in connection with awarding contracts covering construction or repair work only; and no such contract shall be altered except by written agreement of the contractor, sureties on his bond and the Council of the City of High Point. Such surety bond or securities required herein shall be deposited with the Treasurer of the City until the contract has been carried out in all respects.

Nothing in this Section shall operate so as to require any public agency to enter into a contract that will prevent the use of unemployment relief labor paid for in whole or in part by appropriations or funds furnished by the State or Federal Government.

The Council of the City may enter into any contract with the United States of America or any agency thereof for the purchase, lease or acquisition of any apparatus, supplies, materials or equipment without regard to the provisions of this Section which require:

(1) Posting of notice or public advertisement for proposals or bids,
(2) Inviting or receiving of competitive bids,
(3) Delivery of purchases before payment,
(4) Posting of deposits of bonds or other sureties,
(5) Execution of written contracts.

The Council of the City may designate any office holder of the City to enter a bid or bids in its behalf at any sale of apparatus, supplies, mate-

rials, equipment or other property owned by the United States of America or any agency thereof, and may authorize such person to make any partial or down payment, or payment in full that may be required by regulations of the United States of America or any agency thereof in connection with such bid or bids.

Sec. 3. Minimum number of bids for public contracts.—Proposal forms shall be mailed to prospective bidders in connection with awarding contracts under subparagraph (1), Section 2, listed above, but the award may be made if only one bid has been received.

Sec. 4. No Evasion Permitted.—No bill or contract shall be divided for the purpose of evading the provisions of this Act.

Sec. 5. City not limited on certain construction or repairs with own regular employees.—The City is authorized to make repairs, install any sewer lines, water lines, street improvements, improvements or repairs to the electric utilities, or other improvements with its own regular employees regardless of the amount of the estimated cost, and to construct new buildings with its own regular employees when the estimated cost of each building shall not exceed fifteen thousand dollars ($15,000.00); provided, funds have been made available for such repairs or improvements.

Sec. 6. That all laws and clauses of laws in conflict with this Act are hereby repealed.

The General Assembly of North Carolina do enact:

Section 1. A petition signed by at least fifteen per cent (15%) of the resident freeholders living within an area, which area is described in the petition and designated as "Chapel Hill-Carrboro Recreation District of Orange County", and which area may include, but is not limited to one or more incorporated cities or towns within the county, together with any surrounding unincorporated area within the county, may be filed with the Board of County Commissioners of Orange County requesting it to do one or both of the following things:

(1) Levy an annual tax of not more than ten cents (10c) on each one hundred dollars ($100.00) of assessed valuation of the taxable property within the district for the purpose of providing, conducting and maintaining a supervised recreation system in said district.

(2) Issue bonds of the unit in behalf of the recreation district in the amount specified in the petition and to levy a tax on all taxable property within the district for the payment thereof, for the purpose of acquiring, improving and equipping lands or buildings or both for parks, playgrounds, recreation centers and other recreation facilities.

When the petition is filed the board of County commissioners shall cause notice to be given by posting at the courthouse door, and at three public places in such proposed recreation district, and by three weekly publications in a newspaper circulating in such proposed recreation district, that on a date named in such notice, which shall not be earlier than twenty days after the first posting and publication of such notice, it will hold a public hearing at a designated place within the proposed recreation district, upon the question or questions petitioned for and set forth in such notice, and that any taxpayer or other interested person may appear and be heard at the time and place set forth in such notice.

At the time and place stated in such notice the board shall hear all interested persons and may adjourn the hearing from time to time. The board shall have the authority to modify or enlarge the area described in such petition.

When the petition is filed, it shall be the duty of the board of county commissioners to cause the question petitioned for to be submitted to the voters at a special election to be held in the district within one hundred twenty (120) days from the date of filing.

Sec. 2. If said election is held pursuant to a petition requesting the levy of a tax for recreation purposes, the form of the question, stated on the ballot, shall be substantially the words: "For District Recreation Tax" and "Against District Recreation Tax". Such affirmative and negative forms shall be printed upon one ballot, containing squares opposite the affirmative and negative forms, in one of which squares the voter may make a cross (X) mark.

Sec. 3. If a majority of the qualified voters, voting at said election, shall vote "For District Recreation Tax", then the board of county commissioners is authorized and directed, on the basis of a budget submitted to the board by the Recreation District Commission, to levy and collect a tax in said district in such amounts as it may deem necessary, not exceeding ten cents (10c) on the one hundred dollars ($100.00) valuation of property in said district from year to year. At least once a month, the tax collector of the county shall deposit the proceeds of such tax in a bank designated by the recreation District Commission. The officer or officers having charge or custody of the funds of the district shall require said bank to furnish security for the protection of such deposits as provided for in §159-28. Withdrawals from such account shall be made by vouchers signed by the chairman and the treasurer of the Recreation District Commission for the purposes of establishing and conducting of a system of supervised recreation for such district; the acquisition and improvement of any lands, buildings, or equipment; the construction, operation, equipping and maintaining of parks, playgrounds, recreation centers and recreation facilities, and all buildings and structures necessary or useful in connection therewith.

Sec. 4. The notice shall state the date of the election, the place or places at which the election will be held, the boundary lines of such recreation district unless the recreation district is coterminous with a township in said county (in which event the notice shall so state), the maximum amount of bonds to be issued, the purpose or purposes for which the bonds are to be issued, and the fact that a sufficient tax will be levied on all taxable property within the recreation district for the payment of the principal and interest of the bonds. The first publication of the notice shall be at least thirty days before the election. A new registration of the qualified voters of such recreation district shall be ordered and notice of such new registration shall be deemed to be suffi-

ciently given by publication once in some newspaper published or circulating in such recreation district at least thirty days before the close of the registration books. This notice of registration may be considered one of three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of the voters and the place or places at which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day; and except as otherwise provided in this Article, such election shall be held in accordance with the laws governing the general elections. The form of the question, as stated on the ballot, shall be substantially the words: "For the issuance of two hundred fifty thousand dollars ($250,000.00) Recreation Bonds and the levying of a sufficient tax for the payment thereof" and "Against the issuance of two hundred fifty thousand dollars ($250,000.00) Recreation Bonds and the levying of a sufficient tax for the payment thereof." Such affirmative and negative forms shall be printed upon one ballot, containing squares opposite the affirmative and negative forms, in one of which squares the voter may make a cross (X) mark.

Sec. 5. If a majority of the qualified voters of such district who shall vote thereon at such election shall vote in favor of the issuance of such bonds and the levy of such tax, and the levy of an operations and maintenance tax shall have been approved as provided in Section 3, then the board of county commissioners may provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds in the principal amount of not to exceed two hundred and fifty thousand dollars ($250,000.00), which bonds shall be issued by the county, but shall be issued in the name of the recreation district, and they shall be made payable exclusively out of taxes to be levied in such recreation district. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the said board of county commissioners may determine, subject to the limitations and restrictions of this Act. They may be issued as one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. "G. S. 97-54: The terms 'disablement' as used in this Article as applied to cases of asbestosis and silicosis means the event of becoming actually incapacitated because of asbestosis or silicosis to earn, in the same or any

other employment, the wages which the employee was receiving at the time of his last injurious exposure to asbestosis or silicosis; but in all other cases of occupational disease 'disablement' shall be equivalent to 'disability' as defined in G. S. 97-2 (i)."

Sec. 2. G. S. 97-61 is hereby amended by rewriting the Section to read as follows:

"G. S. 97-61.1: When an employee and the Industrial Commission are advised by the State Board of Health that an employee has asbestosis or silicosis, the employer shall be notified by the Industrial Commission, and the employee, when ordered by the Industrial Commission, shall go to a place designated by the Industrial Commission and submit to x-rays and a physical examination by the Advisory Medical Commission, at least one of whom shall conduct the examination, and the member or members of the Advisory Medical Committee conducting the examination shall forward the x-rays and findings to the member or members of the committee not present for the physical examination. The employer shall pay the expenses connected with the examination in such amounts as shall be directed by the Industrial Commission. Within thirty days after the completion of the examination, the Advisory Medical Committee shall make a written report signed by all of its members setting forth:

(a) The x-rays and clinical procedures used by the committee in arriving at its findings.

(b) Whether or not the claimant has contracted asbestosis or silicosis.

(c) The committee's opinion expressed in percentages of the impairment of the employee's ability to perform normal labor in the same or any other employment.

"G. S. 97-61.2: The Advisory Medical Committee shall file its report in triplicate with the Industrial Commission, which shall send one copy thereof to the claimant and one copy thereof to the employer by registered mail. Unless within thirty days from receipt of the copy of said report the claimant and employer, or either of them, shall request the Industrial Commission in writing to set the case for hearing for the purpose of examining and cross-examining the members of the Advisory Medical Committee respecting the report of said committee, and for the purpose of introducing additional testimony, said report shall become a part of the record of the case and shall be accepted by the Industrial Commission as expert medical testimony to be considered as such and in connection with all the evidence in the case in arriving at its decision.

S. 97-61.3: As soon as practicable after the expiration of one year following the initial examination by the Advisory Medical Committee and when ordered by the Industrial Commission, the employee shall again appear before the Advisory Medical Committee, at least one of whom shall conduct the examination, and the member or members of the Advisory Medical Committee conducting the examination shall forward the x-rays and findings to the member or members of the committee not present for the physical examination. Within thirty days after the completion of the examination, the Advisory Medical Committee shall make a written report to the Industrial Commission signed by all of its members, setting forth any change since the first report in the employee's condition which is due to asbestosis or silicosis, said report to be filed in triplicate with the Industrial Commission, which shall send one copy thereof to the claimant, and one copy to the employer by registered mail. The claimant and employer, or either of them, shall have the right only at the final hearing provided for in 97-61.4 to examine or cross-examine the members of the Advisory Medical Committee respecting the second report of the committee.

"G. S. 97-61.4: As soon as practicable after the expiration of two years from the first examination and when ordered by the Industrial Commission, the employee shall appear before the Advisory Medical Committee, or at least two of them, for final x-rays and physical examination. Upon completion of this examination and within thirty days, the Advisory Medical Committee shall make a written report setting forth:

(a) The x-rays and clinical procedures used by the Committee.

Said report shall be filed in triplicate with the Industrial Commission which shall send one copy thereof to the claimant and one copy to the employer by registered mail.

"G. S. 97-61.5: (a) After the employer and employee have received notice of the first committee report, the Industrial Commission, unless it has already approved an agreement between the employer and employee, shall set the matter for hearing at a time and place to be decided by it, to hear any controverted questions, determine if and to whom liability attaches, and where appropriate, file a written opinion with its findings of fact and conclusions of law and cause its award to be issued thereon, all of which shall be subject to modification as provided in G. S. 97-61.6.

"(b) If the Industrial Commission finds at the first hearing that the employee has either asbestosis or silicosis, it shall by order remove the employee from any occupation which exposes him to the hazards of asbestosis or silicosis, and if the employee thereafter engages in any occupation which exposes him to the hazards of asbestosis or silicosis without having obtained the written approval of the Industrial Commission as pro-

vided in G. S. 97-61.7, neither he, his dependents, personal representative nor any other person shall be entitled to any compensation for disablement or death resulting from asbestosis or silicosis; provided, that if the employee is removed from the industry the employer shall pay or cause to be paid as in this subsection provided to the employee affected by such asbestosis or silicosis a weekly compensation equal to 60% of his average weekly wages before removal from the industry, but not more than thirty dollars ($30.00) or less than eight dollars ($8.00) a week, which compensation shall continue for a period of 104 weeks. Payments made under this subsection shall be credited on the amounts payable under any final award in the cause entered under 97-61.6.

"G. S. 97-61.6: After receipt by the employer and employee of the Advisory Medical Committee's third report, the Industrial Commission, unless it has approved an agreement between the employee and employer, shall set a final hearing in the cause, at which it shall receive all competent evidence bearing on the cause, and shall make a final disposition of the case, determining what compensation, if any, the employee is entitled to receive in addition to the 104 weeks already received.

Where the incapacity for work resulting from asbestosis or silicosis is found to be total, the employer shall pay, or cause to be paid, to the injured employee during such total disability a weekly compensation equal to sixty per centum (60%) of his average weekly wages, but not more than thirty dollars ($30.00), nor less than eight dollars ($8.00), a week; and in no case shall the period covered by such compensation be greater than 400 weeks, nor shall the total amount of all compensation exceed eight thousand dollars ($8,000.00).

When the incapacity for work resulting from asbestosis or silicosis is partial, the employer shall pay, or cause to be paid, to the affected employee, a weekly compensation equal to sixty per centum (60%) of the difference between his average weekly wages at the time of his last injurious exposure, and the average weekly wages which he is able to earn thereafter, but not more than thirty dollars ($30.00) a week, and provided that the total compensation so paid shall not exceed a period of 196 weeks, in addition to the 104 weeks for which the employee has already been compensated.

Provided, however, should death result from asbestosis or silicosis within two years from the date of last exposure, or should death result within 350 weeks from the date of last exposure and while the employee is entitled to compensation for disablement due to asbestosis or silicosis, either partial or total, then in either of these events, the employer shall pay, or cause to be paid, by one of the methods set forth in G. S. 97-38 a total compensation which, when added to the payments already made for partial or total disability to time of death, shall not exceed eight thousand dollars ($8,000.00) including burial expenses.

"G. S. 97-61.7: An employee who has been compensated under the terms of G. S. 97-61.5(b) as an alternative to forced change of occupation, may, subject to the approval of the Industrial Commission, waive in writing his right to further compensation for any aggravation of his condition that

may result from his continuing in an occupation exposing him to the hazards of asbestosis or silicosis, in which case payment of all compensation awarded previous to the date of the waiver as approved by the Industrial Commission shall bar any further claims by the employee, or anyone claiming through him, provided, that in the event of total disablement or death as a result of asbestosis or silicosis with which the employee was so affected, compensation shall nevertheless be payable, but in no case, whether for disability or death or both, for a longer period than 100 weeks in addition to the 104 weeks already paid. Such written waiver must be filed with the Industrial Commission, and the commission shall keep a record of each waiver, which record shall be open to the inspection of any interested person."

Sec. 3. G. S. 97-66 is hereby amended by rewriting the entire Section to read as follows:

"G. S. 97-66: Where compensation payments have been made and discontinued, and further compensation is claimed, whether for disablement, disability or death from lead poisoning, the claim for further compensation shall be made within two years after the last payment, but in all other cases of occupational disease claims for further compensation shall be made within one year after the last payment, provided, that claims for further compensation for asbestosis or silicosis shall be governed by the final award as set forth in 97-61.6."

Sec. 4. G. S. 97-68 is hereby amended by rewriting the entire Section to read as follows:

"G. S. 97-68: The Industrial Commission may at its discretion refer to the Advisory Medical Committee controverted medical questions arising out of occupational disease claims other than asbestosis or silicosis."

Sec. 5. G. S. 97-69 is amended by adding the following sentence at the end thereof:

"Provided that this Section shall not apply to a living employee who has contracted asbestosis or silicosis."

Sec. 6. G. S. 97-58(a) is hereby amended by rewriting it to read as follows:

"G. S. 97-58(a): Except as otherwise provided in G. S. 97-61.6, an employer shall not be liable for any compensation for asbestosis or silicosis or lead poisoning unless disablement or death results within two years after the last exposure to such disease, or, in case of death, unless death follows continuous disablement from such disease, commencing within the period of two years limited herein, and for which compensation has been paid or awarded or timely claim made as hereinafter provided and results within seven years after such last exposure in the case of lead poisoning, or 350 weeks in the case of asbestosis or silicosis."

Sec. 7. G. S. 97-72 is hereby amended by striking out in line 13 thereof the figures "97-68" and inserting in lieu thereof the following: "97-61, and 97-68".

Sec. 8. G. S. 97-73 is hereby amended by inserting a comma after "97-60" and inserting the figures "97-61" following the inserted comma and before the word "and" as it appears in line three of the Statute.

The General Assembly of North Carolina do enact:

Section 1. The holder of any elective office serving in the municipal government of the City of Statesville, North Carolina, may be removed at any time by the electors qualified to vote for a successor of such incumbent.

Sec. 2. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least 25 per centum of the entire vote for all candidates for the office of mayor cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the clerk; which petition shall contain a

general statement of the ground for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his or her signature his or her place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true, as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

Sec. 3. Within ten (10) days from the date of filing of such petition the city clerk shall examine and from the voters' register ascertain whether or not the petition is signed by the requisite number of qualified electors, and he shall attach to the petition his certificate, showing the results of such examination. If by the clerk's certificate it is shown to be insufficient, it may be amended within ten (10) days from the date of the certificate. The clerk shall, within ten (10) days after such amendment, make a like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the board of aldermen without delay.

Sec. 4. If the petition shall be found to be sufficient, the board of aldermen shall order and fix a date for holding a primary, as provided in cases preceding regular elections, the primary to be held not less than ten (10) days or more than twenty (20) days from the date of the clerk's certificate to the board of aldermen that a sufficient petition is filed. If in the primary election any candidate receives a majority of all the votes cast, he shall be declared to be elected to fill out the remainder of the term of the officer who is sought to be recalled. If there be more than two candidates in such primary and no one receives a majority of all the votes cast therein, then there shall be an election held within twenty (20) days from the date of the primary, at which election the two candidates receiving the highest vote in the primary shall be voted for. Candidates' names shall be placed on the ticket in the primary and election held, and the results canvassed, under the same rules, conditions, and regulations as are prescribed for the primaries preceding regular elections. The board of aldermen shall make or cause to be made publication for ten (10) days of notice and all arrangements for holding such elections, and the same shall be conducted, returned, and the results thereof declared in all respects as other city elections.

Sec. 5. The successor of any officer so removed shall hold office during the unexpired term of his or her predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he or she requests otherwise in writing, the clerk shall place his or her name on the official ballot without nomination. At such elections, if some other person than the incumbent is elected the incumbent shall thereupon be deemed removed from the office upon qualification of his successor.

Sec. 6. In case the party elected should fail to qualify within ten (10) days after receiving notification of election, the office shall be deemed

vacant, and in that event the unexpired term shall be filled by election by the board of aldermen but the alderman removed shall not be eligible to election by the board, and the person so elected by the board shall be subject to recall as other aldermen. If the incumbent received a majority of the votes in the primary election he shall continue his office.

Sec. 7. Such method of removal shall be cumulative and additional to any other method provided by law. In the event any officer is recalled and any person is elected as his successor, the right of recall of such successor so elected shall be as in case of an officer originally elected.

Sec. 8. This Act shall be in full force and effect from and after the date of its passage.

In the General Assembly read three times and ratified, this the 19th day of April, 1955.

WHEREAS, a critical problem of drainage does exist and has existed for several years, in that Lake Phelps often overflows and damages the crops of landowners of an area of approximately 20,000 acres lying generally to the North of Lake Phelps and between the lake and the Scuppernong River, which is the natural outlet for surface run-off, this overflow often occurring even though a number of canals lead from Lake Phelps through the lands of individual owners to the Scuppernong River; and

WHEREAS, at the present time gates controlling the flow of water from the lake are in a poor state of repair, and the canals leading from the lake to Scuppernong River are in bad need of cleaning and dredging, and farmers and agriculture technicians are convinced that efficient drainage can be attained and thousands of dollars of crop damage and loss averted by repairing existing control gates, where possible, and installing new gates, where necessary, and by cleaning and dredging the present six canals which drain Lake Phelps, to wit: The Moccasin Canal; the West Canal; the Thirty-Foot Canal; the Transportation Canal; the Banava Canal, and the Bee Tree Canal; and

Section 1. That Section 105 of Chapter 1184 of Session Laws of North Carolina, 1949, as amended by Chapters 96 and 747 of Session Laws of North Carolina, 1953, be further amended by striking out said Section, as amended, and inserting in lieu thereof the following:

"Section 105. (a) Street Improvements. The City of Raleigh is hereby vested with all the power and authority vested in municipalities with respect to public improvements or local improvements, such as, but not limited to, grading, regrading, paving and repaving public streets and alleys, and in the construction, reconstruction and alteration of curbs, gutters and drains in the public streets and alleys, and in the laying or relaying of sewers or water lines, and in the construction, reconstruction and alteration of sidewalks in the public streets and alleys, as are granted municipalities under the general laws of North Carolina as the same are now or hereafter may be enacted, including the provisions of Article 9 of subchapter 1 of Chapter 160 of the General Statutes of North Carolina, and in the exercise of such powers, the City of Raleigh, except as hereinafter provided, shall be controlled by and shall exclusively follow the procedure outlined in said Public Laws; provided, however, that the city may classify its streets according to the use to which they are or may be subjected, or according to the nature of the zoning classification of abutting property, or otherwise, and shall by uniform rule within the various classifications, require the abutting property owners to pay the entire cost of such improvements or such part thereof as it may deem proper, except such portion of the improvements as may be chargeable to street intersections or public alley intersections, which portion of the cost of such improvements shall be paid by the City of Raleigh; provided further, that no assessment shall be levied for any such improvements

upon any particular property if assessment therefor has been levied thereon within the previous ten years, unless the owner of such land or his duly authorized agent, shall by petition duly signed and filed with the governing body of said city specifically request that such improvements be made.

In cases where the city limit line of the City of Raleigh runs along a street or road so that property on one side of the street or road lies within the corporate limits of the city and the property on the other side of the street or road lies outside of such corporate limits and a majority of all such property owners owning a majority of the property abutting such street or road present a petition meeting the requirements of Article 9, Chapter 160, of the General Statutes of North Carolina requesting the improvement of such street or road, the governing body of the City of Raleigh may approve such petition, make the improvements requested, and assess the cost thereof against the property abutting both sides of said street or road in like manner, and to the same extent that it would be authorized to do if said street or road and the property abutting thereon lay wholly within the corporate limits of the city.

(b) When Petition Unnecessary—Street Improvement. Notwithstanding other provisions of this Charter or of any other laws, whenever there is an unimproved portion of a continuous street between improved portions thereof (if such street has been classified by the City Council of the City of Raleigh as a thoroughfare and if such unimproved portion be not more than 1500 feet in length), and a majority of the owners owning a majority of the lineal footage of property abutting the unimproved portion thereof are unwilling or fail to petition for its improvement, and the city council shall find by a personal inspection by each member of the council, that such improvement is necessary in the public interest, the city council may, without petition, order the making of such improvement and the assessment of the cost thereof against abutting property in the same manner as such assessment would be made upon petition. Whenever such improvement is ordered made by authority of this paragraph, the ordering of the paving of any street or part thereof may include the necessary water main and sewer improvements and the necessary water and sewer laterals, and it may, but need not, include the construction of curbs, gutters, drains or sidewalks on one or both sides of the street. Assessments authorized by this Section shall not be made against property owned or held for the sole purpose of the burial of the dead unless the City of Raleigh assume and pay for such assessments.

Before any street has been classified as a thoroughfare by the City Council of the City of Raleigh, at least 10 days written notice of such proposed action by said city council shall be given to each owner of property abutting on said street and a public hearing shall be held by the city council for the purpose of considering the matter.

(c) When Petition Unnecessary; Construction, Reconstruction, Alteration or Repair of Sidewalks and Driveways; Construction of Curbs, Gutters and Drains. (1) It shall be the duty of every property owner in the City of Raleigh to maintain the sidewalk and driveways abutting his property in good repair and in safe condition.

(2) The entire cost of the construction, reconstruction, alteration or repair of sidewalks and driveways and of the construction, reconstruction, alteration or repair of curbs, gutters or drains in the City of Raleigh shall be paid by the abutting property owner. The construction, reconstruction or alteration of sidewalks may include curbs, gutters and drains, or the city council may require the construction, reconstruction, alteration or repair of curbs, gutters or drains, or any or either of them, without requiring the construction, reconstruction, alteration or repair of sidewalks.

(3) When the construction, reconstruction, alteration or repair of a sidewalk or driveway, or the construction, reconstruction, alteration or repair of curbs, gutters, and drains within the City of Raleigh becomes necessary, the city manager or his duly authorized agent shall notify the abutting owner thereof, and in such notice direct the owner to make the improvement specified in the notice within thirty days after such notice has been personally served upon or sent by registered mail to such owner at his last known address, or published once in a newspaper of general circulation in the City of Raleigh if the owner's address is unknown. The owner, upon receipt of such notice, may appeal to the city council from the direction of the city manager or his agent, provided such appeal is taken within the thirty-day period during which the improvement is required to be made; and in event of appeal, no improvement of the property shall be required until the city council has heard and acted upon the appeal. If the property owner should fail to appeal to the city council or fail to make the required improvement within the time set out in the notice, the city manager shall report such fact to the city council and the city council may, by resolution, require the improvement to be made and the cost thereof assessed against the abutting property, and such assessment shall constitute a lien upon the property superior to all other liens. Appeals to the Superior Court may be taken by any interested property owner within thirty days after the adoption of the resolution, but if no appeal is taken, the action of the city council shall be conclusive of the necessity of such improvement.

If the cost of the improvement shall exceed one hundred dollars ($100.00), assessment against abutting property shall be made and collected in the same manner that assessment would be made for local improvements as provided by Article 9, Chapter 160, of the General Statutes of North Carolina.

If the cost of the improvement shall be less than one hundred dollars ($100.00), the assessment against abutting property shall be collected as taxes are collected, and such assessment shall bear interest at the rate of six per cent (6%) per annum from the date of the assessment until paid.

No petition shall be required as a condition precedent to the passage of a resolution requiring that improvements herein specified shall be made.

In directing that improvements be made, such improvements shall be made in conformity with the standards of the City of Raleigh as the same may be from time to time promulgated by the city council.

Following the passage of a resolution by the city council directing that

improvements be made, said resolution shall be published at least once in a newspaper of general circulation published in the City of Raleigh.

(4) The procedure herein outlined shall be supplementary and in addition to any other procedure authorized by law relating to such improvements.

Sec. 2. All laws and clauses of laws in conflict with this Act are, to the extent of such conflict, repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 22nd day of April, 1955.

AN ACT TO EXEMPT PEANUTS FROM 80% OF AD VALOREM TAXATION IN THE YEAR FOLLOWING THE YEAR IN WHICH GROWN BY PROVIDING THAT PEANUTS SHALL BE TAXED AT ONLY 20% OF THE AD VALOREM PROPERTY TAX RATE.

WHEREAS, the growth and storage of peanuts is of great importance to many of the farmers of North Carolina; and

WHEREAS, high tax rates and lack of uniformity in the percentage

of the total valuation assessed has caused the transfer of peanuts from North Carolina to points outside the State each year prior to January first, thereby depriving North Carolina warehouses of income from the storage of these peanuts and a loss of income from extra labor which would be required in removing said peanuts after January first; and

WHEREAS, it is believed that a low tax rate would encourage the storage of peanuts in North Carolina, which would result in increased income for farmers and warehousemen: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Chapter 105 of the General Statutes is hereby amended by adding a new Section immediately following G. S. 105-294.1, to be designated as G. S. 105-294.2, and to read as follows:

(i) The "surplus" of a fund at the close of a fiscal year means the amount by which the cash balance exceeds the total of current liabilities, the encumbrances, and the taxes or other revenue collected in advance. Encumbrances are obligations in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation made in the year just closing and which are unpaid at the close of such year. Taxes or other revenue collected in advance are sums received in the year just closing but which are not due until after the beginning of the new fiscal year.

Section 160-409.1. Municipal Accountant.—In all cases where a city or town charter provides for the office of accountant or director of finance, the incumbent in such office shall be the municipal accountant of such city or town for the purposes of this Article. Where the city or town charter does not create such an office, the municipal accountant shall be designated or appointed as follows: (a) in cities and towns governed under the manager form of government, the powers and duties herein

imposed and conferred on the municipal accountant shall be imposed and conferred on the manager or on some person designated or appointed by the manager to serve at the will of the manager; (b) in cities and towns having a full-time mayor, the powers and duties herein imposed and conferred on the municipal accountant shall be imposed and conferred on the full-time mayor or on some person appointed or designated by the mayor to serve at the will of the mayor; (c) in cities and towns having neither a manager nor a full-time mayor, the powers and duties herein imposed and conferred on the municipal accountant shall be imposed and conferred on the clerk of the municipality or on some person appointed or designated by the governing body to serve at the will of the governing body: Provided, that the experience, training, and qualifications of any person on whom the powers and duties of the municipal accountant are imposed and conferred by or under this Section shall be approved by the Local Government Commission, which approval shall continue until revoked by such Commission. If any person upon whom the powers and duties of the municipal accountant are imposed and conferred is a tax collecting officer of the municipality, it shall be the duty of the governing body to require all his books and accounts to be audited at least annually by a certified public accountant or by a public accountant registered under Chapter 93 of the General Statutes.

Section 160-409.2. Bond of Accountants.—Every person designated or appointed as municipal accountant may be required to furnish bond in some surety company authorized to do business in North Carolina, the amount of such bond to be fixed by the governing body, approved by the governing body and by the Local Government Commission, and conditioned for the faithful performance of his duties imposed by law.

Section 160-409.3. Additional Duties of Municipal Accountants.—In addition to the duties imposed and powers conferred upon the municipal accountant by this Article, he shall have the following duties and powers:

(a) He shall act as accountant for the municipality and subdivisions in settling with all municipal officers.

(b) He shall keep or cause to be kept a record of the date, source, and amount of each item of receipt, and the date, the payee or contractor, the specific purpose, and the amount of every disbursement or contract made; and he shall keep or cause to be kept a copy of every contract made requiring the payment of money.

(c) He shall examine once a month, or at such other times as the governing body may direct, all books, accounts, receipts, vouchers, and other records of all officers and employees receiving or expending money of the municipality or any subdivision thereof: Provided, that the governing body may relieve the municipal accountant of the duty of examining the records of any such officer or employee whose records are audited at least annually by a certified public accountant or by a public accountant registered under Chapter 93 of the General Statutes.

(d) He shall, as often as he may be directed by the governing body, file with the governing body a complete statement of the financial condi-

tion of the municipality and subdivisions, showing the receipts and expenditures of the different offices, departments, institutions, and agencies.

(e) He shall advise with the heads of offices, departments, institutions, and agencies of the municipality and its subdivisions and with State officers as to the best and most convenient method of keeping accounts, and shall inform himself as to the best and simplest methods of keeping accounts, so as to bring about as far as possible a simple, accurate, and uniform system of keeping accounts of the municipality and subdivisions.

(f) He shall not allow any bill or claim unless the same be so itemized as to show the nature of the services rendered.

(g) He shall perform such other duties having relation to the purposes of this Article as may be imposed upon him by the governing body.

Section 160-410. Heads of Offices, Departments, Institutions, and Agencies to File Budget Statements Before June 1.—It shall be the duty of all heads of offices, departments, institutions, and agencies of the municipality and its subdivisions to file with the municipal accountant on or before such date prior to the first day of June each year as the municipal accountant may direct (a) a complete statement of the amounts expended for each object of expenditure in his office, department, institution, or agency, in the fiscal year preceding the then current fiscal year, and (b) a complete statement of the amount expended and estimated to be expended for each object in his office, department, institution, or agency in the current fiscal year, and (c) an estimate of the requirements of his office, department, institution, or agency for each object in the budget year. Such statements and estimates shall list each object of expenditure in such form and in such detail as may be prescribed by the municipal accountant, and shall include such other supporting information as may be prescribed by the municipal accountant.

Section 160-410.1. Budget Estimate.—Upon receipt of such statements and estimates, the municipal accountant in municipalities not having the manager form of government or the manager in municipalities having the manager form of government, shall prepare (a) his estimate of the amounts necessary to be appropriated for the budget year for the various offices, departments, institutions, and agencies of the municipality and its subdivisions, listing the same under the appropriate funds maintained as required by Section 160-409, which estimate shall include the full amount of all debt service which the municipal accountant or manager through the exercise of due diligence determines will be due and payable in the budget year and also shall include the full amount of any deficit in any fund, and it may include a contingency estimate for each fund to meet expenditures for which need develops subsequent to the passage of the appropriation ordinance, and (b) an itemized estimate of the revenue to be available during the budget year, separating revenue from taxation from revenue from other sources and classifying the same under the appropriate funds maintained as required by Section 160-409, and (c) an estimate of the amount of surplus in each fund as of the beginning of the budget year which he recommends be appropriated to meet expenditures for the budget year. These estimates shall be broken down into as

much detail and have appended thereto such information as the governing body may direct and otherwise to take such form as the municipal accountant or manager may determine. The estimates of revenues when added to the surplus figure for each fund shall equal the estimates of appropriations for that fund. The municipal accountant or manager shall also include with such estimates a statement of the rate of tax which will have to be levied in each fund in order to raise the amount of revenue from taxation included in the estimates of revenue: Provided, that the municipal accountant or manager shall indicate clearly in such statement the percentage of taxes levied which he estimates will be collected in the budget year and on which he has based the rate of tax necessary to raise the amount of revenue from taxation included in the estimates of revenue. Such estimates and statements of the municipal accountant or manager shall be termed the "budget estimate", and shall be submitted to the governing body not later than the 7th day of July of each year: Provided, that the budget estimate may be submitted to the governing body on such earlier date as the municipal accountant or manager, with the approval of the governing body, may determine. The municipal accountant or manager may submit a budget message with the budget estimate which may contain an outline of the proposed financial policies of the municipality for the budget year, may describe in connection therewith the important features of the budget plan, may set forth the reasons for stated changes from the previous year in appropriation and revenue items, and may explain any major changes in financial policy.

Section 160-410.2. Time for Filing Budget Estimate.—Immediately upon the submission of the budget estimate, and at least 20 days before the adoption of the budget ordinance, the governing body shall: (a) file the budget estimate in the office of the clerk of the municipality where it shall remain for public inspection, and (b) make available a copy of the budget estimate for all newspapers published in the municipality, and (c) cause to be published in at least one newspaper published in the municipality a statement that the budget estimate has been presented to the governing body and that a copy of the same is on file for public inspection in the office of the clerk of the municipality, which statement may also include such other information as the municipal accountant may determine: Provided, however, that if no newspaper be published in the municipality, such statement shall be posted at the door of the city hall or town hall and at least three other public places in the municipality at least 20 days before the passage of the budget ordinance.

Section 160-410.3. Budget Ordinance.—It shall be the duty of the governing body, at least 20 days subsequent to the publication of the statement required by Section 160-410.2 but not later than the 28th day of July in each year, to adopt and record on its minutes a budget ordinance, the form of which shall be prescribed by the municipal accountant or manager. The budget ordinance shall, on the basis of the estimates and statements submitted by the municipal accountant or manager, make appropriations for the several offices, departments, institutions, and agencies of the municipality and its subdivisions, and the budget ordinance shall pro-

vide for the financing of the appropriations so made. The appropriations shall be made in such sums as the governing body may deem sufficient and proper, whether greater or less than the recommendations of the budget estimate, and the appropriation or appropriations for each office, department, institution, or agency shall be made in such detail as the governing body deems advisable: Provided, however, that (a) no appropriation recommended by the municipal accountant or manager for debt service shall be reduced, and (b) the governing body shall appropriate the full amount of all lawful deficits reported in the budget estimate, and (c) no contingency appropriation shall be included in any fund in excess of five per cent (5%) of the total of the other appropriations in the fund: Provided, that before any or all of such contingency appropriation be expended, the governing body must by ordinance authorize the expenditure, and (d) no appropriations shall be made which will necessitate the levy of a tax in excess of any constitutional or statutory limits of taxation, and (e) the total of all appropriations in each fund shall not be in excess of the estimated revenues and surplus available to that fund. The revenue portion of the budget ordinance shall include the following: (a) a statement of the revenue estimated to be received in the budget year in each fund maintained as required by Section 160-409, separating revenues from taxes to be levied for the budget year from revenues from other sources and including such amount of the surplus of each fund on hand or estimated to be on hand at the beginning of the budget year as the governing body deems advisable to appropriate to meet expenditures of such fund for the budget year; and (b) the levy of such rate of tax for each fund in the budget year as will be necessary to produce the sum appropriated less the estimates of revenue from sources other than taxation and less that part of the surplus of the fund which is proposed to be appropriated to meet expenditures in the budget year. In determining the rate of tax necessary to produce such sums, the governing body shall decide what portion of the levy is likely to be collected and available to finance appropriations and shall make the levy accordingly; and further the governing body shall not estimate revenue from any source other than the property tax in an amount in excess of the amount received or estimated to be received in the year preceding the budget year unless it shall determine that the facts warrant the expectation that such excess amount will actually be realized in cash during the budget year.

Section 160-410.4. Copies of Ordinance Filed with Municipal Treasurer and Municipal Accountant.—A copy of the budget ordinance shall be filed with the municipal treasurer or other officer or agent performing the functions ordinarily assigned to the municipal treasurer, and another copy thereof shall be filed with the municipal accountant, both copies so filed to be kept on file for their direction in the disbursement of municipal funds.

Section 160-410.5. Failure to Raise Revenue a Misdemeanor.—Any member of a governing body of any municipality who shall fail to vote to raise sufficient revenue for the operating expenses of the municipality as provided for in Section 160-410.3, shall be guilty of a misdemeanor, punishable by fine or imprisonment, or both, in the discretion of the court.

Section 160-410.6. Emergencies.—In case an emergency arises necessitating the expenditure of funds and in case under the existing budget ordinance there are no funds available to meet such expenditure, the governing body may make application to the Local Government Commission and such Commission may permit the governing body to anticipate the taxes of the next fiscal year by not more than five per cent (5%) of the tax levy for the current year. In the event of the approval of such anticipation of the taxes of the next fiscal year by the Commission, the governing body of any such municipality is authorized to provide by resolution for the issuance of a note or notes in an amount not in excess of the amount authorized by such Commission, and such note or notes shall be payable not later than the 30th day of June of the next fiscal year and shall be paid by a special tax levied for such purpose. Any such note or notes shall be issued in accordance with the provisions of Section 160-376.

Section 160-410.7. Publication of Statement of Financial Condition.—As soon as practicable after the close of each fiscal year, the municipal accountant shall prepare and cause to be published in a newspaper published in the municipality, or if no newspaper be published in the municipality then by posting at the door of the city hall or town hall and at least three other public places in the municipality, a statement of the financial condition of the municipality, containing such figures and information as the municipal accountant with the approval of the governing body may consider it advisable to publish, which statement as so published or posted shall include a statement of the assets and liabilities of several funds of the municipality as of the close of the preceding fiscal year together with a summary statement of the revenue receipts and expenditures of such funds in the preceding year, a statement of the bonded debt of the municipality as of the close of the preceding fiscal year, and a statement of assessed valuations, tax rates, tax levies, and uncollected taxes for the preceding three fiscal years.

Section 160-410.8. Amendments to the Budget Ordinance.—The governing body in the event the members thereof deem it necessary, may by ordinance amend the budget ordinance after its passage in any or all of the following ways: (a) by transferring the unencumbered balance of any appropriation, or any portion of such balance, to any other appropriation within the same fund or to any new appropriation within the same fund, (b) by making a supplemental appropriation in any fund in all or any portion of the amount of the unappropriated surplus of such fund or the amount by which total revenue receipts have exceeded total estimated revenues in such fund as of the date of the making of the supplemental appropriations; (c) by transferring all or any portion of the unencumbered balance of any appropriation in the general fund to any existing appropriation or to any new appropriation in another fund or by making a supplemental appropriation in another fund financed by unappropriated surplus or excess revenue receipts of the general fund: Provided, that no amendment to the budget ordinance shall be made if the effect of such amendment is to authorize an expenditure for a purpose which could not have been legally authorized in the original budget ordinance: Provided,

further, that where the governing body shall determine that changed circumstances in the operation of a utility will result in the receipt in cash of revenues in excess of the estimates of revenues contained in the budget ordinance, that body may amend the estimates of revenues of the utility fund concerned as such estimates are set forth in the budget ordinance and may thereupon make a supplemental appropriation in such utility fund in the amount by which the amended estimates of revenues exceed the estimates of revenues in the budget ordinance, whether or not such excess has been actually received in cash as of the date of the making of such supplemental appropriation. Copies of any ordinance made pursuant to this Section shall be made available to the municipal treasurer, municipal accountant, and the head of each office, department, institution, or agency affected thereby.

Section 160-410.9. Interim Appropriations.—In case the adoption of the budget ordinance is delayed until after the beginning of the budget year, the governing body may make appropriations for the purpose of paying salaries, the principal and interest of indebtedness, and the usual ordinary expenses of the municipality and its subdivisions for the interval between the beginning of the budget year and the adoption of the annual budget ordinance. The interim appropriations so made shall be chargeable to the several appropriations, respectively, thereafter made in the annual budget ordinance for the year.

Section 160-411. Provisions for Payment.—No contract or agreement requiring the payment of money, or requisitions for supplies or materials, shall be made, and no warrant or order for the payment of money shall be drawn upon the treasury of the municipality or a subdivision, unless provision for the payment thereof has been made by (a) an appropriation as provided by this Article or (b) through the means of bonds or notes duly authorized by the General Assembly and by the governing body, and further authorized, in all cases required by law or the Constitution, by a vote of qualified voters or taxpayers or otherwise; nor shall such contract, agreement, or requisition be made unless the unencumbered balance of such appropriation or provision remains sufficient for such payment. No contract or agreement or requisition requiring the payment of money shall be valid unless the same be in writing, and unless the same shall have printed, written, or typewritten thereon a statement signed by the municipal accountant as follows: "Provision for the payment of moneys to fall due under this agreement has been made by appropriation duly made or by bonds or notes duly authorized as required by the 'Municipal Fiscal Control Act.'" Such certificate shall not, however, make valid any agreement or contract made in violation of this Section. Before making such certificate, the municipal accountant shall ascertain that a sufficient unencumbered balance of the specific appropriation remains for the payment of the obligation, or that bonds or notes have been so authorized the proceeds of which are applicable to such payment, and the appropriation or provision so made shall thereafter be deemed encumbered by the amount to be paid on such contract or agreement until the municipality is discharged therefrom.

Section 160-411.1. Warrants for Payment.—No bill or claim against the municipality or any subdivision shall be paid unless the same shall have been approved by the head of the office, department, institution, or agency for which the expense was incurred nor unless the same shall have been presented to and approved by the municipal accountant, or in the case of his disapproval of such bill or claim, by the governing body. The governing body shall not approve any bill or claim which has been disallowed by the municipal accountant without entering upon the minutes of the governing body its reason for approving the same in such detail as may show the governing body's reason for reversing the municipal accountant's disallowance. No bill or claim against the municipality or any subdivision shall be paid except by means of a warrant or order on the municipal treasurer or depository, and no warrant or order, except a warrant or order for the payment of maturing bonds, notes, or interest coupons thereto appertaining, and except a warrant or order for the payment of any bill or claim approved by the governing body over the disallowance of the municipal accountant, as above provided, shall be valid unless the same shall bear the signature of the municipal accountant below a statement which he shall cause to be written, printed, or typewritten thereon containing the words: "Provision for the payment of this warrant (or order) has been made by an appropriation duly made or a bond or note duly authorized, as required by the 'Municipal Fiscal Control Act.' "

Section 160-411.2. Contracts or Expenditures in Violation of Preceding Section.—If any municipal accountant shall make any certificate on any contract, agreement, requisition, warrant, or order as required by Section 160-411 or Section 160-411.1, when there is not a sufficient unencumbered balance remaining for the payment of the obligation, he shall be personally liable for all damages caused thereby. If any officer or employee shall make any contract, agreement, or requisition without having obtained the certificate of the municipal accountant as required by Section 160-411, or if any officer or employee shall pay out or cause to be paid out any funds in violation of the provisions of Section 160-411.1, he shall be personally liable for all damages caused thereby.

Section 160-411.3. Accounts To Be Kept by Municipal Accountant.—Accounts shall be kept by the municipal accountant for each appropriation made in the budget ordinance or amendment thereto, which appropriations shall be classified under the various funds maintained as required in Section 160-409, and every warrant or order upon the municipal treasury shall state specifically against which of such funds the warrant or order is drawn; information shall be kept for each such account so as to show in detail the amount appropriated thereto, the amount drawn thereupon, the unpaid obligations charged against it, and the unencumbered balance to the credit thereof.

Section 160-411.4. Daily Deposits by Collecting or Receiving Officers.—Every public officer and employee whose duty it is to collect or receive any funds or money belonging to any municipality or subdivision thereof shall deposit the same daily, or if the governing body grants its approval he

shall be required to deposit the same only when he has as much as two hundred fifty dollars ($250.00) in his possession, with the municipal treasurer or in a bank, banks, or trust company designated by the governing body in an account approved by the municipal accountant and secured as provided in Section 159-28, and he shall report the same immediately following such deposit to the municipal accountant by means of a treasurer's receipt or duplicate deposit ticket signed by the depository: Provided, that a deposit shall in any event be made on the last business day of each month. He shall settle with the municipal accountant monthly, or oftener if the governing body so directs, reporting to the municipal accountant at such time the amount of money collected or received from each of the various sources of revenue. If such officer or employee collects or receives such public moneys for a taxing district for which he is not an officer or an employee, he shall pay over periodically, as directed by the governing body, to the proper officer of such district the amount so collected or received and take receipt therefor.

The governing body is hereby authorized and empowered to select and designate, by recorded ordinance, some bank or banks or trust company in this State as official depository or depositories of the funds of the municipality, which funds shall be secured in accordance with Section 159-28.

It shall be unlawful for any public moneys to be deposited by any officer or employee in any place, bank, or trust company other than those selected and designated as official depositories. Any person or corporation violating the provisions of this Section or aiding or abetting such violation shall be guilty of a misdemeanor and punished by fine or imprisonment or both, in the discretion of the court.

Section 160-412. Conduct by Municipal Accountant Constituting Misdemeanor.—If a municipal accountant shall knowingly approve any fraudulent, erroneous or otherwise invalid claim or bill, or make any statement required by this Article, knowing the same to be false, or shall willfully fail to perform any duties imposed upon him by this Article, he shall be guilty of a misdemeanor and punishable for each offense by a fine of not less than fifty dollars ($50.00) or imprisonment for not less than twenty (20) days, or both fine and imprisonment, in the discretion of the court, and shall be liable for all damages caused by such violation or failure.

Section 160-412.1. Liability for Damages for Violation by Officer or Person.—If any municipal officer or head of any office, department, institution, or agency, or other official or person of whom duties are required by this Article shall willfully violate any part of this Article, or shall willfully fail to perform any of such duties, he shall be guilty of a misdemeanor and punishable for each offense by a fine of not less than fifty dollars ($50.00) or imprisonment for not less than twenty (20) days, or both fine and imprisonment, in the discretion of the court, and shall be liable for all damages caused by such violation or failure.

Section 160-412.2. Recovery of Damages.—The recovery of all damages allowed by this Article may be made in the court having jurisdiction of

the suit of the municipality, any subdivision thereof, or any taxpayer or other person aggrieved.

Section 160-412.3. Mayor To Report to Solicitor.—It shall be the duty of the mayor of the municipality to report to the solicitor of the district within which the municipality lies all facts and circumstances showing the commission of any offenses defined herein, and it shall be the duty of the solicitor to prosecute. At the request of the solicitor, the governing body is authorized, within its discretion, to provide legal assistance to the solicitor in prosecuting such cases and any other case involving official misconduct for violation of a public trust within said municipality and pay the cost of same out of the general fund of the municipality.

Section 160-412.4. Purpose of Article.—It is the purpose of this Article to provide a uniform procedure for the preparation and administration of budgets to the end that every municipality in the State may balance its budget on the basis of actual cash receipts within the budget period and carry out its functions without incurring deficits. Its provisions are intended to enable governing bodies to make financial plans to meet expenditures, to insure that municipal officials administer their respective offices, departments, institutions, and agencies in accordance with these plans, and to permit taxpayers and bondholders to form intelligent opinions based on sufficient information as to the financial policies and administration of the municipalities in which they are interested.

Section 160-412.5. Application of Article.—Sections 160-275 and 160-276 and all other laws and parts of laws heretofore or hereafter enacted, whether general, local, or special, which are in conflict with this Article are hereby repealed, except a law hereafter enacted expressly repealing or amending this Article: Provided, this Article shall be construed with Section 160-399 as amended and nothing herein shall be deemed to repeal any of the provisions of that Section. Nothing herein contained, however, shall require any municipality to comply with this Article which operates under a budget system provided by charter or by any local or special act, but any such municipality may, in the discretion of its governing body, elect to conduct its procedure under any one or more Sections of this Article as that body may deem best. All such municipalities shall nevertheless be subject to the requirements of certain provisions of this Article, which are (a) the annual publication of financial information substantially as required by Section 160-410.7, (b) the adoption of a budget ordinance which shall appropriate the full amount of all deficits not funded and the full amount required for debt service, and which shall levy sufficient taxes to meet all appropriations, all as required by Section 160-410.3, (c) endorsement by some one municipal officer, who shall either be the municipal accountant or an officer designated for that purpose by the governing body, of all contracts, agreements, requisitions, warrants, and orders, substantially as provided by Sections 160-411 and 160-411.1, (d) the maintenance of the funds required by paragraph (e), Section 160-409, and (e) compliance with all the provisions of Section 160-411.4; and all the provisions of Sections 160-411.2, 160-412, 160-412.1, 160-412.2, and 160-412.3, as to penalties, liability for damage, and requirements for

reporting offenses to the district solicitor, shall apply in all such municipalities so far as such municipalities are herein required to comply with this Article.

Sec. 2. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 27th day of April, 1955.

Sec. 8. No bonds shall be issued under the provisions of this Act in an amount exceeding five per cent (5%) of the assessed valuation of the taxable property in such township, according to the last preceding assessment for county taxes.

H. B. 847 CHAPTER 716

AN ACT TO AUTHORIZE THE REASSESSMENT AND REVALUATION OF REAL PROPERTY IN WAKE COUNTY FOR AD VALOREM TAX PURPOSES AND TO AUTHORIZE THE BOARD OF COUNTY COMMISSIONERS OF WAKE COUNTY TO EMPLOY EXPERTS AND TO ENTER INTO THE NECESSARY CONTRACTS FOR SAID SERVICE AND TO AUTHORIZE THE LEVYING OF A SPECIAL TAX THEREFOR.

WHEREAS, Wake County has not had an actual and thorough reassessment, revaluation and reappraisal of the real property in said county for ad valorem tax purposes for a long number of years, which has resulted in real property tax valuations in said county becoming seriously unequalized and many inequities exist, which result in a great many persons, firms and corporations not being required to pay their fair share of taxes because of said property valuations; and

WHEREAS, there have resulted many unjust situations whereby many new improvements constructed in recent years on real estate may be escaping taxation or may be assessed or assigned to valuation, if on the tax books, at a disproportionate valuation in comparison with other properties; and likewise there may exist various situations wherein vacant

properties are on the tax books at the present valuation as vacant property, and many valuable residences and buildings of other nature have been constructed on said property, and various types of situations exist with reference to the real estate in said county which result in inequitable and unjust situations as between various classes, kinds and types of taxpayers, as related to their properties; and

WHEREAS, because of the magnitude of the task involved in effectuating a complete, thorough, just and proper revaluation and reassessment of property in Wake County the expenses thereof will have to be made from the proceeds of a special tax levy, such expenses not being ordinarily an annual recurring expense which is ordinarily provided for in the annual budget of the county, and it is necessary to employ trained experts, skilled in appraising and fixing valuations of property who have no personal interest in the property in the county and will, therefore, not be subjected to various pressures and influences; and

WHEREAS, this process of reassessment and revaluation will take considerable time and it will be necessary to enter into contracts with experts, to set up and operate revaluation machinery, and it is desired that said contracts shall exist for a sufficient length of time and that authority be vested in the board of commissioners to enter into said contract, and that funds be accumulated and that the county auditor be authorized to approve the vouchers necessary for the payment of said expenses; Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. The Board of Commissioners of Wake County is hereby authorized, in its discretion, to order and carry through a complete reassessment and revaluation of all of the taxable real property, including any and all buildings, improvements and fixtures thereon located in the County of Wake, for ad valorem tax purposes. The assessment and revaluation, except as herein provided, may be effectuated in the same manner as regular quadrennial reassessments and revaluations are carried out under the provisions of subchapter II of Chapter 105 of the General Statutes, as amended, and all the provisions of said subchapter II of Chapter 105 of the General Statutes, except as herein provided, shall apply to such revaluation and reassessment.

Sec. 2. The said revaluation and reassessment herein authorized shall be initiated, carried out and completed to the end that said new revaluations and said new reassessments shall be available and in force and effect at the time taxes are levied in the year of 1959, but if said revaluation and reassessment is completed and available before the time of levying taxes in 1959, then taxes may be levied on the basis of such revaluation and such reassessment in any appropriate tax year in which said revaluations and reassessments have been completed and are available for use as a basis for taxation.

Sec. 3. In order to defray the extraordinary expenses of carrying through the reassessment and revaluation authorized in this Act, the Board of Commissioners of Wake County is hereby authorized to levy, beginning

in the fiscal year 1955-56 and extending through the fiscal year 1958-59, a special tax not in excess of five cents (5c) on each one hundred dollars ($100.00) valuation of property in said County of Wake. The proceeds derived from said taxes shall be placed in a special fund and accumulated for the purpose of defraying the cost and expenses of said revaluation and reassessment and said Board of County Commissioners of Wake County is authorized and empowered at any time to appropriate said funds and spend the same in their discretion for the purpose of effectuating said revaluation and reassessment authorized by this Act. The said board of county commissioners is authorized and empowered to enter into any and all necessary contracts to procure the services of engineers, firms, appraisers, experts and any and all necessary assistance which in the discretion of said board is found to be proper and necessary. The said Board of County Commissioners of Wake County is authorized to enter into contracts for said purposes and to procure said assistance and experts and if necessary said contracts shall extend beyond the term of office of any member of said board, and whether or not sufficient funds have been accumulated at the time of entering into said contracts to pay off and discharge the obligations for the services contemplated by said contracts, and the said County Auditor of Wake County is hereby authorized to countersign and approve vouchers for the application and payment of funds on said contracts whether or not all of the tax funds and proceeds herein authorized have been accumulated at any one time to pay off and discharge all of the monies due or that may become due on said contracts, and said county auditor shall not be liable, either civilly or criminally, for approving said vouchers as provided by this Act. The Board of County Commissioners of Wake County in addition to the experts and appraisers may employ any and all necessary clerical assistance and provide machinery, equipment and office fixtures for the purpose of said revaluation and reassessment.

Sec. 4. In the event there shall remain any excess of funds from the proceeds of said tax levy after revaluations and reassessments are in effect and all taxes paid, then such excess may, in the discretion of the commissioners, be applied upon and paid into the debt service fund of the county.

Sec. 5. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 6. This Act shall be in full force and effect from and after its ratification.

Sec. 3. No right of action or defense founded upon the invalidity of such election or the invalidity of any proceedings or steps taken in the creation of such district or such unit shall be asserted, nor shall the validity of such election or the validity of the creation of such district or such unit, or the right of duty to levy a sufficient tax for the payment of the principal and interest of such bonds or notes, be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty (30) days after the publication of such statement of results as provided in the preceding Section.

Sec. 4. If a majority of the votes cast shall be in favor of the issuance of such bonds or notes and the levy of such tax, then the Board of Commissioners of Randolph County shall provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds or notes, which bonds or notes shall be issued in the name of the county, but shall be made payable exclusively out of the taxes to be levied in such district or such unit, except the Board of County Commissioners of Randolph County may pay from county funds any part of the principal and interest of said bonds or notes. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the Board of County Commissioners of Randolph County may determine, subject to the limitations and restrictions of this Act. They may be issued at one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. When bonds are to be issued, they shall be serial bonds and each issue thereof shall so mature that the aggregate principal amount of the issue shall be payable in annual installments or series, beginning not more than three years after the date of the bonds of such issue and ending not more than thirty years after such date. No such installment shall be more than two and one-half times as great in amount as the smallest prior installment, of the same bond issue. The bonds or notes shall bear interest at a rate not exceeding six per cent (6%) per annum, payable semi-annually, and may have interest coupons attached, and may be made registerable as to principal or as to both principal and interest, under such terms and conditions as may be prescribed by said board. They shall be signed by the chairman of the Board of County Commissioners of Randolph County, and the seal of the county shall be affixed to or impressed upon each bond or note and attested by the register of deeds or by the clerk of said board; and the interest coupons shall bear the printed, lithographed or facsimile signature of such chairman. The delivery of bonds or notes, signed as aforesaid by officers in office at the time of signing, shall be valid, notwithstanding any changes in office occurring after such signing.

Sec. 5. The Board of County Commissioners of Randolph County is hereby authorized and directed to levy annually a special tax, ad valorem, on all taxable property in the district or in the special bond tax unit in which the election was held, sufficient to pay the principal and interest of the bonds or notes as such principal and interest become due. Such special tax shall be in addition to all other taxes authorized to be levied in such district or in such unit. The taxes provided for in this Section shall be collected by the county officers collecting other taxes and be applied solely to the payment of principal and interest of such bonds or notes.

Sec. 6. The Randolph County Administrative Unit is defined as being all of the territory embraced within the boundary lines of Randolph County, North Carolina, except that portion of said county embraced within the boundary lines of the Asheboro City Administrative Unit as said City Administrative Unit is constituted at the time of the petition and the holding of the election as provided for in this Act.

Sec. 7. The powers conferred by this Act shall be regarded as supplemental and in addition to powers conferred by other laws and shall not supplant or repeal any existing powers for the issuance of bonds or notes, or any provisions of law for the payment of bonds or notes issued under such powers, or for the custody of moneys provided for such payment.

Sec. 8. This Act shall constitute full authority for the things herein authorized and no proceedings, publications, notices, consents or approvals shall be required for the doing of the things herein authorized, except such as are herein prescribed and required, and except that the provisions of the Local Government Act then in force as to the approval of the issuance of bonds or notes and endorsements of such approval upon such bonds or notes and as to the sale of bonds or notes and the disposition of the proceeds, shall be applicable to the bonds or notes authorized by this Act. The proceeds shall be paid out only upon order of the Board of Education of Randolph County.

Sec. 9. This Act shall apply only to the Randolph County Administrative Unit as herein defined.

Sec. 10. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 11. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 27th day of April, 1955.

S. B. 156 **CHAPTER 724**

AN ACT TO REWRITE THE COUNTY FISCAL CONTROL ACT.

The General Assembly of North Carolina do enact:

Section 1. Sections 153-114 through 153-141 of the General Statutes are hereby rewritten in their entirety to read as follows:

153-114. Title; Definitions.—This Article shall be known and may be cited as "The County Fiscal Control Act."

In this Article, unless the context otherwise requires, certain words and expressions have the following meaning:

(a) "Subdivision" means a township, school district, school taxing district or other political corporation or subdivision within a county, including drainage and other districts, the taxes for which (taxes as here and elsewhere used in this Article include special assessments) are under the law levied by the board of county commissioners of the county.

(b) "Debt service" means the payment of principal and interest on bonds and notes as such principal or interest falls due, and the payments of moneys required to be paid into sinking funds.

(c) The "fiscal year" is the annual period for the compilation of

fiscal operations, and begins on the first day of July and ends on the thirtieth day of June.

(d) The "budget year" is the fiscal year for which a budget is being prepared.

(e) The "surplus" of a fund at the close of a fiscal year is the amount by which the cash balance exceeds the current total of liabilities, the encumbrances, and the taxes or other revenue collected in advance. Encumbrances are obligations in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation made in the year just closing and which are unpaid at the close of such year. Taxes or other revenue collected in advance are sums received in the year just closing but which are not due until after the beginning of the new fiscal year.

(f) "Fund" means a sum of money or other resources segregated for the purpose of carrying on specific activities or attaining certain objectives and constituting an independent fiscal and accounting entity. Each county shall maintain the following funds and such other funds as the board of county commissioners may require:

(1) General fund.

(2) County debt service fund.

(3) School current expense fund.

(4) School capital outlay fund.

(5) School debt service fund: Provided that this fund may be combined with the county debt service fund if the board of county commissioners deems it advisable to do so.

(6) A fund for each special purpose tax for the levy of which the General Assembly has given its special approval.

(7) A bond fund to account for the application of the proceeds of the sale of bonds to the specific purpose for which such bonds were duly authorized.

(8) A fund for each subdivision to account for the collection of each special tax levied for a particular function or purpose of such subdivision.

153-115. County Accountant.—It shall be the duty of the board of county commissioners in each county in the State to appoint some person of honesty and ability, who is experienced in modern methods of accounting, as county accountant, to hold such office at the will of the board; but, in lieu of appointing a county accountant in counties in which there is an auditor or accountant holding office under the provisions of a special Act of the General Assembly, the board shall impose and confer upon such auditor or accountant all the powers and duties herein imposed and conferred upon county accountants; and in any county of the State in which there is no auditor or accountant holding office under the provisions of a special Act, the board may impose and confer such powers and duties upon any county officer, except the sheriff or the tax collector or the county treasurer or any person or bank acting as county financial agent or performing the duties ordinarily performed by a county treasurer or county financial agent. The board may set the salary of the county accountant and such other assistants as the board determines are necessary to aid in the performance of his duties, except where such salary or sal-

aries are set by special Act. If the duties and powers herein imposed and conferred on county accountants are imposed and conferred on any officer of the county, the board may revise and adjust the salary or compensation of such officer in order that adequate compensation may be paid to him for the duties of his office. Wherever in this Article reference is made to the county accountant, such reference shall be deemed to include either the person appointed as county accountant or the officer upon which the powers and duties thereof are imposed and conferred.

153-116. Additional Duties of County Accountant.—In addition to the duties imposed and powers conferred upon the county accountant by this Article, he shall have the following duties and powers:

(a) He shall act as accountant for the county and subdivisions in settling with all county officers.

(b) He shall keep or cause to be kept a record of the date, source, and amount of each item of receipt, and the date, the payee or contractor, the specific purpose, and the amount of every disbursement or contract made; and he shall keep or cause to be kept a copy of every contract made requiring the payment of money.

(c) He shall require and it shall be the duty of every officer and employee receiving or disbursing money of the county or its subdivision to keep a record of the date, source, and amount of each item of receipt, and the date, the payee or contractor, the specific purpose, and the amount of every disbursement or contract made.

(d) He shall examine once a month, or at such other times as the board may direct, all books, accounts, receipts, vouchers, and other records of all officers and employees receiving or expending money of the county or of any subdivision thereof, including the county board of education and other subdivisions and including justices of the peace and other judicial officials; provided, that the board of county commissioners may relieve the county accountant of the duty of examining the records of any such officer or employee whose records are audited at least annually by a certified public accountant or by a public accountant registered under Chapter 93 of the General Statutes.

(e) He shall require and it shall be the duty of all officers and employees in the county who collect fines, penalties, and other money to be applied to public purposes, to file with him each month, or oftener if the board so directs, a report showing amounts collected by such officers, including a report of all fees collected for the performance of their duties, whether they are entitled to such fees as the whole or part of their compensation or are not entitled to same: Provided, that in the case of elected officials, audits which include fees collected for the performance of their duties and to which they are entitled as a part of their compensation, shall not be required more than once a year and at the end of such official's tenure in office.

(f) He shall, as often as he may be directed by the board of county commissioners, file with the board a complete statement of the financial condition of the county and its subdivisions, showing the receipts and expenditures of the different officers, departments, institutions, and agencies.

(g) He shall advise with the heads of offices, departments, institutions, and agencies of the county and its subdivisions and with State officers as to the best and most convenient method of keeping accounts, and shall inform himself as to the best and simplest methods of keeping accounts, so as to bring about as far as possible a simple, accurate, and uniform system of keeping accounts of the county and subdivisions.

(h) He shall not allow any bill or claim unless the same be so itemized as to show the nature of the services rendered.

(i) He shall perform such other duties having relation to the purposes of this Article as may be imposed upon him by the board of county commissioners.

153-117. Heads of Offices, Departments, Institutions, and Agencies to File Budget Statements before June 1.—It shall be the duty of all heads of offices, departments, institutions, and agencies of the county and its subdivisions to file with the county accountant on such date subsequent to the fifteenth day of March and prior to the first day of June of each year as the county accountant may direct (a) a complete statement of the amounts expended for each object of expenditure in his office, department, institution, or agency, in the fiscal year preceding the then current fiscal year, and (b) a complete statement of the amount expended and estimated to be expended for each object in his office, department, institution, or agency in the current fiscal year, and (c) an estimate of the requirements of his office, department, institution or agency for each object in the budget year. Such statements and estimates shall list each object of expenditure in such form and in such detail as may be prescribed by the county accountant, and shall include such other supporting information as may be prescribed by the county accountant.

153-118. Budget Estimate.—Upon receipt of such statements and estimates, the county accountant shall prepare (a) his estimate of the amounts necessary to be appropriated for the budget year for the various offices, departments, institutions, and agencies of the county and its subdivisions, listing the same under the appropriate funds maintained as required by 153-114, which estimate shall include the full amount of all debt service which the county accountant through the exercise of due diligence determines will be due and payable in the budget year, and also shall include the full amount af any deficit in any fund, and may include a contingency estimate for each fund to meet expenditures for which need develops subsequent to the passage of the budget resolution, and (b) an itemized estimate of the revenue to be available during the budget year, separating revenue from taxation from revenue from other sources and classifying the same under the appropriate funds maintained as required by 153-114, and (c) an estimate of the amount of surplus in each fund as of the beginning of the budget year which he recommends be appropriated to meet expenditures for the budget year. These estimates shall be broken down into as much detail and have appended thereto such information as the board of county commissioners may direct and otherwise to take such form as the county accountant may determine. The estimates of revenue when added to the surplus figure for each fund shall equal the estimates

of appropriations for the fund. The county accountant shall also include with such estimates a statement of the rate of tax which will have to be levied in each fund in order to raise the amount of revenue from taxation included in the estimate of revenue: Provided, that the county accountant shall indicate clearly in such statement the percentage of taxes levied which he estimates will be collected in the budget year and on which he has based the rate of tax necessary to raise the amount of revenue from taxation included in the estimate of revenue. Such estimates and statements of the county accountant shall be termed the "budget estimate", and shall be submitted to the board not later than the first Monday of July of each year: Provided, that the budget estimate may be submitted to the board on such earlier date as the county accountant, with the approval of the board, may determine. The county accountant may submit a budget message with the budget estimate which may contain an outline of the proposed financial policies of the county for the budget year, may describe in connection therewith the important features of the budget plan, may set forth the reasons for stated changes from the previous year in appropriation and revenue items, and may explain any major changes in financial policy.

153-119. Time for Filing Budget Estimate.—Immediately upon the submission of the budget estimate, and at least 20 days before the adoption of the budget resolution, the board shall: (a) File the budget estimate in the office of the clerk of the board where it shall remain for public inspection, and (b) make available a copy of the budget estimate for all newspapers published in the county, and (c) cause to be published in at least one newspaper published in the county a statement that the budget estimate has been presented to the board and that a copy of the same is on file for inspection in the office of the clerk of the board, which statement may also include such other information as the county accountant may determine: Provided, however, that if no newspaper be published in the county, such statement shall be posted at the courthouse door and at least three other public places in the county at least 20 days before the passage of the budget resolution.

153-120. Budget Resolution.—It shall be the duty of the board of county commissioners, at least 20 days subsequent to the publication of the statement required by 153-119 but not later than the twenty-eighth day of July in each year, to adopt and record on its minutes a budget resolution, the form of which shall be prescribed by the county accountant. The budget resolution shall, on the basis of the estimates and statements submitted by the county accountant, make appropriations for the several offices, departments, institutions, and agencies of the county and its subdivisions, and the budget resolution shall provide for the financing of the appropriations so made. The appropriations shall be made in such sums as the board may deem sufficient and proper, whether greater or less than the recommendations of the budget estimate, and the appropriation or appropriations for each office, department, institution, or agency shall be made in such detail as the board deems advisable: Provided, however, that (a) no appropriation recommended by the county accountant for debt

service shall be reduced, and (b) the board shall appropriate the full amount of all lawful deficits reported in the budget estimate, and (c) no contingency appropriation shall be included in any fund in excess of five per cent (5%) of the total of the other appropriations in the fund: Provided, that before any or all of such contingency appropriation be expended, the board must by resolution authorize the expenditure, and (d) no appropriations shall be made which will necessitate the levy of a tax in excess of any constitutional or statutory limits of taxation, and (e) the total of all appropriations in each fund shall not be in excess of the estimated revenues and surplus available to that fund. The revenue portion of the budget resolution shall include the following: (a) A statement of the revenue estimated to be received in the budget year in each fund maintained as required by 153-114, separating revenues from taxes to be levied for the budget year from revenues from other sources and including such amount of the surplus of each fund on hand or estimated to be on hand at the beginning of the budget year as the board deems advisable to appropriate to meet expenditures of such fund for the budget year; and (b) the levy of such rate of tax for each fund in the budget year as will be necessary to produce the sum appropriated less the estimates of revenue from sources other than taxation and less that part of the surplus of the fund which is proposed to be appropriated to meet expenditures in the budget year. In determining the rate of tax necessary to produce such sums, the board shall decide what portion of the levy is likely to be collected and available to finance appropriations and shall make the levy accordingly; and further the board shall not estimate the revenue from any source other than the property tax in an amount in excess of the amount received or estimated to be received in the year preceding the budget year unless it shall determine that the facts warrant the expectation that such excess amount will actually be realized in cash during the budget year.

153-121. Copies of Resolution Filed with County Treasurer and County Accountant.—A copy of the budget resolution shall be filed with the county treasurer or other officer or agent performing the functions ordinarily assigned to the county treasurer, and another copy thereof shall be filed with the county accountant, both copies as so filed to be kept on file for their direction in the disbursement of county funds.

153-122. Repealed.

153-123. Publication of Statement of Financial Condition of County.—As soon as practicable after the close of each fiscal year, the county accountant shall prepare and cause to be published in a newspaper published in the county, or if no newspaper be published in the county, then by posting at the courthouse door and at least three other public places in the county, a statement of the financial condition of the county, containing such figures and information as the county accountant may consider it advisable to publish, which statement as so published or posted may include a statement of the assets and liabilities of the several funds of the county as of the close of the preceding fiscal year together with a summary statement of the revenue receipts and expenditures of such funds

in the preceding year, a statement of the bonded debt of the county as of the close of the preceding fiscal year, and a statement of assessed valuations, tax rates, tax levies, and uncollected taxes for the preceding three fiscal years.

153-124. Repealed.

153-125. Failure to Raise Revenue a Misdemeanor; Emergencies.—Any county commissioner of any county who shall fail to vote to raise sufficient revenue for the operating expenses of the county as provided for in 153-120, shall be guilty of a misdemeanor, punishable by fine or imprisonment, or both, in the discretion of the court; provided, that in case of an emergency upon application to the Local Government Commission such Local Government Commission may permit the board of commissioners for any county to anticipate the taxes of the next fiscal year by not more than five per cent (5%) of the tax levy for the current year.

153-126. Execution of Notes in Anticipation of Taxes.—In the event of the approval of such anticipation of the taxes of the next fiscal year by the Local Government Commission, the county commissioners of any such county are authorized to provide by resolution for the issuance of a note or notes in an amount not in excess of the amount authorized by such Local Government Commission, and such note or notes shall be payable not later than June 30 of the next fiscal year and shall be paid by a special tax levied for such purpose. Any such note or notes shall be issued in a manner consistent with the provisions of the County Finance Act.

153-127. Amendments to the Budget Resolution.—The board of county commissioners, in the event the members thereof deem it necessary, may by resolution amend the budget resolution after its passage in any or all of the following ways: (a) By transferring the unencumbered balance of any appropriation, or any portion of such balance, to any other appropriation within the same fund or to any new appropriation within the same fund; (b) by making a supplemental appropriation in any fund in all or any portion of the amount of the unappropriated surplus of such fund or the amount by which total revenue receipts have exceeded total estimated revenues in such fund as of the date of the making of the supplemental appropriation; (c) by transferring all or any portion of the unencumbered balance of any appropriation in the general fund to any existing appropriation or to any new appropriation in another fund or by making a supplemental appropriation in another fund financed by unappropriated surplus or excess revenue receipts of the general fund: Provided, that no amendment to the budget resolution shall be made if the effect of such amendment is to authorize an expenditure for a purpose which could not have been legally authorized in the original budget resolution. Copies of any resolution made pursuant to this Section shall be made available to the county treasurer, county accountant, and the head of each office, department, institution, or agency affected thereby.

153-128. Interim Appropriations.—In case the adoption of the budget resolution is delayed until after the beginning of the budget year, the board of county commissioners may make appropriations for the purpose of paying salaries, the principal and interest of indebtedness, the stated

compensation of officers and employees, and the usual ordinary expenses of the county and its subdivisions for the interval between the beginning of the budget year and the adoption of the annual budget resolution. The interim appropriations so made shall be chargeable to the several appropriations, respectively, thereafter made in the annual budget resolution for the year.

153-129. Repealed.

153-130. Provisions for Payment.—No contract or agreement requiring the payment of money, or requisition for supplies or materials, shall be made, and no warrant or order for the payment of money shall be drawn upon the treasury of the county, or a subdivision, unless provision for the payment thereof has been made by (a) an appropriation as provided by this Article, or (b) through the means of bonds or notes duly authorized by the General Assembly and by the board of county commissioners, and further authorized, in all cases required by law or by the Constitution, by a vote of qualified voters or taxpayers, or otherwise; nor shall such contract, agreement, or requisition be made unless the unencumbered balance of such appropriation or provision remains sufficient for such payment. No contract or agreement or requisition requiring the payment of money shall be valid unless the same be in writing, and unless the same shall have printed, written, or typewritten thereon a statement signed by the county accountant, as follows: "Provision for the payment of moneys to fall due under this agreement has been made by appropriation duly made or by bonds or notes duly authorized, as required by the 'County Fiscal Control Act'." Such certificate shall not, however, make valid any agreement or contract made in violation of this Section. Before making such certificate, the county accountant shall ascertain that a sufficient unencumbered balance of the specific appropriation remains for the payment of the obligation, or that bonds or notes have been so authorized the proceeds of which are applicable to such payment, and the appropriation or provision so made shall thereafter be deemed encumbered by the amount to be paid on such contract or agreement until the county is discharged therefrom.

153-131. Warrants for Payment.—No bill or claim against the county or any subdivision shall be paid unless the same shall have been approved by the head of the office, department, institution, or agency for which the expense was incurred nor unless the same shall have been presented to and approved by the county accountant, or in case of his disapproval of such bill or claim, by the board of county commissioners. The board shall not approve any bill or claim which has been disallowed by the county accountant without entering upon the minutes of the board its reason for approving the same in such detail as may show the board's reason for reversing the county accountant's disallowance. No bill or claim against the county or any subdivision shall be paid except by means of a warrant or order on the county treasurer or county depository, and no warrant or order, except a warrant or order for payment of maturing bonds, notes, or interest coupons thereto appertaining, and except a warrant or order for the payment of any bill or claim approved by the board of county com-

missioners over the disallowance of the county accountant, as above provided, shall be valid unless the same shall bear the signature of the county accountant below a statement which he shall cause to be written, printed, or typewritten thereon containing the words: "Provision for the payment of this warrant (or order) has been made by an appropriation duly made or a bond or note duly authorized, as required by the 'County Fiscal Control Act'."

153-132. Contracts or Expenditures in Violation of Preceding Sections.—If any county accountant shall make any certificate on any contract, agreement, requisition, warrant, or order as required by G. S. 153-130 or G. S. 153-131, when there is not a sufficient unencumbered balance remaining for the payment of the obligation, he shall be personally liable for all damages caused thereby. If any officer or employee shall make any contract, agreement, or requisition without having obtained the certificate of the county accountant as required by G. S. 153-130, or if any officer or employee shall pay out or cause to be paid out any funds in violation of the provisions of G. S. 153-131, he shall be personally liable for all damages caused thereby.

153-133. Accounts to be Kept by County Accountant.—Accounts shall be kept by the county accountant for each appropriation made in the budget resolution or amendment thereto, which appropriations shall be classified under the various funds maintained as required in G. S. 153-114, and every warrant or order upon the county treasury shall state specifically against which of such funds the warrant or order is drawn; information shall be kept for each such account so as to show in detail the amount appropriated thereto, the amount drawn thereupon, the unpaid obligations charged against it, and the unencumbered balance to the credit thereof.

153-134. Bond of County Accountant.—The county accountant shall furnish bond in some surety company authorized to do business in North Carolina, the amount to be fixed by the board of commissioners in a sum not less than five thousand dollars ($5,000.00), which bond shall be approved by the board of county commissioners and shall be conditioned for the faithful performance of his duties under this Article: Provided, that where the powers and duties of the county accountant have been imposed and conferred as provided in G. The ratio of the number of registered voters inside the City of Winston-Salem to that total shall be the City of Winston-Salem's share of the expenses of the central registration office and the balance of the expenses of that office shall be borne by Forsyth County. The annual cost of operating and maintaining the central registration office shall be determined by the Forsyth County Board of Elections from an examination of the registration books as of the first day of January of each year, and from said examination the Forsyth County Board of Elections shall present to the City of Winston-Salem and the County of Forsyth on or before the first of April of each year a budget showing the financial needs of said office for the next years operations.
